Dear IDEA Student & Family,

Our faculty welcomes you to the 2016-2017 school year. We look forward to working with you to help your child be a successful college-bound student. At IDEA Public Schools, we strive to provide a safe learning environment for all children. We have high expectations of ourselves. To effectively meet our high expectations, we expect students and their families to take an active role in education by reading and following the requirements of the Student & Family Handbook.

This Handbook is an overview of our school’s goals, services, and rules. It is an essential reference book describing what we expect of our students and parents, what you can expect from us, and how we will achieve our educational mission. We have attempted to make the language in this Handbook as straightforward as possible. Please note that the term “parent” is used to refer to the parent, legal guardian, or other person who has agreed to assume school-related responsibility for a student.

The Handbook includes general information regarding school policy and procedures, important health and safety information, information about academics and grading, information regarding parental rights, and important notices regarding student information, computer resources, and electronic communication devices. The Student Code of Conduct is also included in the Handbook. The Code of Conduct is required by state law and is intended to promote school safety and an atmosphere for learning. Both students and parents need to be familiar with the Student Code of Conduct. The Student Code of Conduct is also available in the Principal’s office at each campus, and is posted on IDEA’s website.

This Handbook is designed to be in harmony with IDEA Board Policy. Please be aware that the Handbook and policy adoption, amendment, or revision may occur throughout the year. Changes in policy and procedure or this Handbook provisions will be made available to parents and students online, through newsletters and other communications. In case of conflict between Board Policy and any provision of this Handbook, the provision that was most recently adopted by the Board of Directors will be followed.

Finally, you must complete and return the last page of the Handbook – “Acknowledgment and Approval of Student Handbook” – to the school office at your campus. Questions about the material in this Handbook can be directed to the Principal.

On behalf of the entire IDEA Public Schools staff and community, best wishes for a great 2017–2018 school year!

Sincerely,

JoAnn Gama
President & Superintendent
ABOUT IDEA PUBLIC SCHOOLS

Mission
IDEA Public Schools prepares students from underserved communities for success in college and citizenship.

Vision
To ensure the state of Texas reaches its fullest potential, IDEA Public Schools will become the region’s largest creator of college graduates.

History
From the very beginning, IDEA Public Schools has focused on raising the achievement levels and expectations of students who are underserved so they have an opportunity to attend and succeed in college.

In 1998, Teach For America recruits Tom Torkelson and JoAnn Gama were working with the Donna Independent School District when they realized and became concerned about a lack of resources present in their community compared to schools in more affluent communities. Working alongside families and students, they created a framework for student success built on discipline, hard work, and a commitment to excellence; the IDEA Academy after-school program was born.

Initially serving only 75 students in fourth and fifth grade, the program was immediately successful. This led the Texas Education Agency to grant a charter in the spring of 2000 to the IDEA Academy to help establish the program as an independent, state-sponsored public school. The IDEA Academy has since grown into the IDEA Public Schools system, which operates primary and secondary campuses in multiple locations around the Rio Grande Valley, San Antonio, and Austin. IDEA Public Schools recently celebrated its ten-year anniversary and continues to expand. IDEA Public Schools is fully committed to graduating 100% of its students and matriculating 100% of its students into a four-year college or university.

Statement of Nondiscrimination
IDEA Public Schools (“IDEA” or “IPS”) does not discriminate in its educational programs and services, including its career and technology education programs, on the basis of sex or gender, race, religion, color, national origin, age, or disability. IDEA Public Schools complies with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; Title II of the Americans with Disabilities Act of 1990 (“ADA”), as amended, which incorporates and expands upon the requirements of Section 504 of the Rehabilitation Act of 1973, as amended; the Age Discrimination Act of 1975, as amended; and any other legally-protected classification or status protected by applicable law.

Any questions or concerns about IDEA’s compliance with these federal programs should be brought to the attention of the following persons designated as being responsible for coordinating compliance with these requirements:

- The Title VI/Title IX Coordinator, for concerns regarding discrimination on the basis of sex/gender, is Rhonda Nelson, whose office is located at 2115 W. Pike Blvd in Weslaco, and who can be reached by telephone by calling (956) 377-8000.
- The ADA/Section 504 Coordinator, for concerns regarding discrimination on the basis of disability, is Tricia Lopez, whose office is located at 2115 W. Pike Blvd in Weslaco, and who can be reached by telephone by calling (956) 377-8000.
The Age Discrimination Coordinator, for concerns regarding discrimination on the basis of age, is Rhonda Nelson, whose office is located at 2115 W. Pike Blvd in Weslaco, and who can be reached by telephone by calling (956) 377-8000.

All other concerns regarding discrimination may be directed to Rhonda Nelson, whose office is located at 2115 W. Pike Blvd in Weslaco, and who can be reached by telephone by calling (956) 377-8000.

Homeless Liaison and Title I Participants

Homeless children and youth are ensured specific educational rights and protections under the McKinney-Vento Homeless Education Assistance Act of 2001. “Children and youth who are homeless,” as defined by this federal law:

- Means individuals who lack a fixed, regular, and adequate nighttime residence.
- Includes children and youth who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason.
- Are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative accommodations.
- Are living in emergency or transitional shelters.
- Are abandoned in hospitals, or are awaiting foster care placement.
- Children and youth who have a primary nighttime residence that is a public or private place not designed as a regular sleeping accommodation for human beings.
- Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations.

Parents of students in homeless situations can keep their students in their schools of origin (the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled even if the student is now residing outside the school attendance area or school district) or enroll them in any public school that students living in the same attendance area are eligible to attend.

Tricia Lopez is our liaison for services to students who are determined to be homeless, as defined by federal law. If you believe your child may be eligible for services or assistance, contact her at (956) 377-8000.

Phillip Garza is our Parent Involvement Coordinator, who works with families and children participating in Title I programs. If you have questions about the program or need assistance related to the program, contact him at (956) 377-8000.

Teacher Qualifications

IDEA will provide parents with the qualifications of each teacher employed by the school. Parents may also request, and IDEA will provide in a timely manner, information regarding the professional qualifications of their student’s classroom teachers. Information provided in response to a parent request will include, at a minimum:

1) Whether your child’s teacher(s) have met state qualification and licensing criteria for their grade levels and subject areas;
2) Whether your child’s teacher(s) are serving under emergency or other provisional status through which state qualification or licensing criteria have been waived;
3) Whether the teacher is teaching in the field of discipline of the certification of the teacher; and
4) Whether your child receives services from paraprofessionals and, if so, their qualifications.
Special Programs

Bilingual/ESL Services
IDEA offers Bilingual/English as a Second Language (“ESL”) services for English language learners who are limited to their English proficiency. The program is designed to assist students identified as having Limited English Proficiency with development in language — listening, speaking, reading, and writing. The goal of this program is to provide additional English language assistance to students, enabling them to become academically successful in all classes. Students are assessed with state-approved Oral Language Proficiency and Norm-Referenced Test to qualify for placement in the program. If the test results indicate either limited oral or limited cognitive academic English ability, the student (with parent approval) is provided additional English language support.

Special Education Services
IDEA has the responsibility of identifying, locating, and evaluating individuals with disabilities who are 5 to 21 years of age and who fall within the school’s jurisdiction. If you know or suspect that your student has a disability, please contact the IPS Special Education Coordinator for information about available programs, assessments, and services.

Special education services are specifically designed to meet the unique needs of students with disabilities. Each student who receives special education services has an Individual Education Plan (“IEP”), which is developed by the student’s Admission, Review, and Dismissal (“ARD”) Committee. The ARD Committee considers the student’s disability and determines appropriate accommodations, supplementary aids, and/or services that are necessary for the student to participate in the general curriculum.

All special education services are provided in the least restrictive environment, which may be special education settings, general education settings, or a combination or both. All students receiving special education services are educated to the maximum extent appropriate with their non-disabled peers as well as participating in all school activities on the same basis as students who are not disabled.

The Notice of Procedural Safeguards – Rights of Parents of Students with Disabilities, can be obtained from the Special Education Coordinator or at the Texas Education Agency Special Education Website: http://tea.texas.gov/Academics/Special_Student_Populations/Special_Education/Parent_and_Family_Resources/Guidance_on_Procedural_Safeguards_Production_and_Required_Dissemination/. For further information, please contact the Special Education Coordinator.

Providing Assistance to Students Who Have Learning Difficulties or Who Need Special Education Services
If a student is experiencing learning difficulties, the parent may contact the Special Education Coordinator to learn about IDEA’s overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (“RtI”). The implementation of RtI has the potential to have a positive impact on IDEA’s ability to meet the needs of all struggling students.

At any time, a parent is entitled to request an evaluation for special education services by presenting a written request to the Special Education Coordinator or an administrative employee. IDEA must, within 15 school days of receiving the request, either (1) give the parent an opportunity to give written consent for the evaluation or (2) refuse to provide the evaluation and provide the parent with written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parents of their rights if they disagree with IDEA. Additionally, the parent will receive a copy of the Notice of Procedural Safeguards – Rights of Parents of Students with Disabilities.
If consent for evaluation is obtained, IDEA must complete the evaluation and report within 45 school days of the date IDEA receives the written consent. IDEA must give a copy of the evaluation report to the parent.

Section 504 Services
IDEA provides a free appropriate public education to each qualified student with a disability, regardless of the nature or severity of the student’s disability. A “student with a disability” is one who has a physical or mental impairment that substantially limits one or more of the student’s major life activities, has a record of having such impairment, or is regarded as having such impairment. A student with a disability is “qualified” if he or she is between the ages of 3 and 21, inclusive.

An appropriate education is the provision of regular or special education and related services that are (1) designed to meet the student’s individual educational needs as adequately as the needs of students who do not have disabilities are met; and (2) based on adherence to procedures that satisfy federal requirements for educational setting, evaluation and placement, and procedural safeguards.

Qualified students with disabilities will be placed in the regular educational environment, unless IDEA demonstrates that education in the regular environment with the use of supplemental aids and services cannot be achieved satisfactorily. Should an alternate educational environment be necessary, IDEA will comply with all legal requirements regarding least restrictive environment and comparable facilities for students with disabilities. In providing or arranging for nonacademic and extracurricular services and activities, IDEA will ensure that a qualified student with a disability participates with students who do not have disabilities to the maximum extent appropriate.

To be eligible for services and protections against discrimination on the basis of disability under Section 504 of the Rehabilitation Act, a student must be determined, as a result of an evaluation, to have a “physical or mental impairment” that substantially limits one or more major life activities. If a student has or is suspected of having a disability, or requires special services, parents or teachers should contact the Principal for information concerning available programs, assessments, and services.

Getting Permission to Video and Audio Record a Student
As a parent, you may grant or deny any written request from to make a video or voice recording of your child. State law, however, permits IDEA to make a video or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety;
- When it relates to classroom instruction or a co-curricular or extracurricular activity; or
- When it relates to media coverage of the school.
ADMISSIONS AND ENROLLMENT

General Admissions and Enrollment Information

Admission and enrollment of students shall be open to persons who reside within the geographic boundaries stated in the IPS charter, and who are eligible for admission based on lawful criteria identified in the charter and in state law. The total number of students enrolled in IDEA shall not exceed the number of students approved in the charter or subsequent amendments. Total enrollment may further be limited by IDEA based on occupancy limitations, code compliance and staffing availability and requirements as deemed necessary.

In accordance with state law, IDEA does not discriminate in its admissions policy on the basis of sex, national origin, ethnicity, religion, disability, academic or artistic or athletic ability, or the district the child would otherwise attend.

Exclusion from Admission

As authorized by the IPS charter and Texas Education Code § 12.111(a)(5)(A), students with a documented history of a criminal offense, a juvenile court adjudication, or other discipline problems under Texas Education Code Chapter 37, Subchapter A may be excluded from admission and enrollment in IDEA.

Admissions Application

Students wanting to attend IDEA must submit an application by March 31. Applicants placed on our waitlist must re-submit an admissions application each school year between September 1 and March 31.

Acceptance Procedures

If fewer applications than spots available are received, students will be offered admission on a first-come, first-served basis. If IDEA receives more applications than it has spots available, it will conduct a random lottery. Once all enrollment spots have been filled by the lottery, the lottery will continue and applicants will be placed on a waiting list in the order in which they were drawn. If a vacancy arises before the commencement of the school year, the individual on the waiting list with the lowest number assignment will be offered admission and then removed from the waiting list.

If an application is received after the application period has passed, the applicant's name will be added to the waiting list behind the names of the applicants who timely applied.

Families offered enrollment will be sent a registration packet with instructions for registering. Families must complete and return the registration packet by the published deadline in order to secure enrollment. If an enrollment offer is declined or if you do not complete the registration packet by the established deadline, your child’s seat will be offered to the next potential applicant or student on the waiting list.

Exceptions to Lottery Process: Federal guidelines permit IDEA to exempt from the lottery students who are already attending IDEA; siblings of students already admitted to or attending IDEA; and children of IDEA’s founders, teachers, and staff, so long as the total number of students allowed under this exemption constitutes only a small percentage of the school's total enrollment.

**Student Information to Verify Enrollment Eligibility**

IDEA ensures that appropriate measures are taken to verify, on enrollment, that a student is entitled to enroll. Any student admitted to IDEA must have records such as report card and/or transcript from the previous school attended to verify his or her academic standing. Verification of residency and current immunization records are also required. Every student enrolling in IDEA for the first time must present documentation of immunizations as required by the Texas Department of State Health Services.

No later than 30 days after enrolling in IDEA, the parent and public school in which the student was previously enrolled shall furnish records that verify the identity of the student. These records may include the student’s birth certificate or a copy of the student’s school records from the most recently attended school.

Children will not be denied enrollment because they failed to meet this requirement.

IDEA will forward a student’s records on request to a school in which a student seeks or intends to enroll without the necessity of the parents’ consent.

**Establishing Identification**

Any of the following documents are acceptable for proof of identification and age: birth certificate; driver’s license; passport; school ID card; records, or report card; military ID; hospital birth records; adoption records; church baptismal record; or any other legal document that establishes identity.

**Undocumented Students**

IDEA will not deny admission based on a student’s immigration status.

**Residency Verification**

The Texas Education Code authorizes schools to obtain evidence that a person is eligible to attend public schools. To be eligible for continued enrollment in IDEA, each student’s parent must show proof of residency at the time of enrollment. Residency may be verified through observation, documentation, and other means, including, but not limited to:

1. A recently paid rent receipt,
2. A current lease agreement,
3. The most recent tax receipt indicating home ownership,
4. A current utility bill indicating the address and name of the residence occupiers,
5. Mailing addresses of the residence occupiers,
6. Visual inspection of the residence,
7. Interviews with persons with relevant information, or
8. Building permits issued to a parent on or before September 1st of the school year in which admission is sought (permits will serve as evidence of residency for the school year in which admission is sought only).

Falsification of residence on an enrollment form is a criminal offense.
**Food Allergy Information**

The parent of each student enrolled in IDEA must complete a form provided by IDEA that discloses (1) whether the child has a food allergy or a severe food allergy that should be disclosed to IDEA to enable it to take any necessary precautions regarding the child’s safety and (2) specifies the food(s) to which the child is allergic and the nature of the allergic reaction.

For purposes of this requirement, the term “severe food allergy” means a dangerous or life-threatening reaction of the human body to a food-borne allergen introduced by inhalation, ingestion, or skin contact that requires immediate medical attention.

IDEA may also require information from a child’s physician if the child has food allergies.

Food allergy information forms will be maintained in the child’s student records, and shall remain confidential. Information provided on food allergy information forms may be disclosed to teachers, school counselors, school nurses, and other appropriate school personnel only to the extent consistent with Board policy and as permissible under the Family Educational Rights and Privacy Act of 1974 (“FERPA”).

**Expulsions**

If a student commits an expellable offense, as outlined in the IDEA Student Code of Conduct and/or Texas Education Code § 37.007, administrators may expel the student only after due process has been afforded the student, as otherwise provided by State law, and a committee or responsible administrator has determined that expulsion is the appropriate consequence.

**Transfers**

Students must attend an IDEA campus for one year before transferring to another campus, UNLESS there is a change in the student’s address since the student’s application date. Transfers are contingent upon space availability at the applicable campus. Any student wishing to transfer to another IDEA school must submit their request to transfer by March 1st of the current year in order to be eligible for fall enrollment should there be space available.

**Withdrawals**

*Voluntary Withdrawal*

A student under 18 years of age may be withdrawn from school only by a parent. IDEA requests notice from the parent at least three days in advance so that records and documents may be prepared. Parents may obtain a withdrawal form from the main office. The parent shall also provide the name of the new school in which the student will be enrolled, and must sign the withdrawal request to document that the student will continue to be enrolled in a school as required by compulsory attendance laws.

A student who is 18 years of age or older, who is married, or who has been declared by a court to be an emancipated minor, may withdraw without parental signature.

Withdrawing students and parents are expected to:

- Have a meeting with a school administrator
- Return all textbooks and checked-out materials and equipment;
- Complete any make-up work assigned;
- Pay any unpaid balance for student fees, if any; and
- Sign a release of student records.
In all cases, withdrawal forms must be appropriately completed and signed before withdrawal is complete.

**Involuntary Withdrawal**

IDEA may initiate withdrawal of a student under the age of 18 for non-attendance if:

1. the student has been absent 10 consecutive school days, and
2. repeated efforts by the school to locate the student have been unsuccessful.

Additionally, IDEA may revoke the enrollment of a student 19 years of age or older who has more than five unexcused absences in one semester.

**ATTENDANCE AND TUITION**

**Attendance**

IDEA's student attendance accounting system is in compliance with all laws, regulations, and Texas Education Agency rules governing attendance.

IDEA shall ensure that attendance policies are distributed to staff, students, and parents/guardians.

Absenteeism unavoidably affects the quality of a student's work, interferes with normal instructional procedures in the classroom, and places additional demands on the teacher to provide remedial assistance. It negatively impacts the child who is absent as well as other students in the class.

**Tardiness**

Nearly all tardiness is avoidable and is excusable only in cases of illness or emergency. If a student arrives late to school, a parent must report to the school office to complete a tardy slip. **Warning letters will be given for excessive tardies and absences.** Repeated tardiness will result in disciplinary consequences as allowed by the Student Code of Conduct.

**Texas Compulsory Attendance Law**

The state compulsory attendance law requires that a student between the ages of six and 19 must attend school and school-required tutorial sessions unless the student is otherwise legally exempted or excused. IDEA staff must investigate and report violations of the state compulsory attendance law. A student absent from school without permission from any class, from required special programs, or from required tutorials will be considered “truant” and subject to disciplinary action.

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day. If a student 19 years of age or older has more than five unexcused absences in a semester, IDEA may revoke the student's enrollment, except that IDEA may not revoke the enrollment on a day on which the student is physically present at school. The student's presence on school property thereafter would be unauthorized and may be considered trespassing. Prior to revoking the student’s enrollment, IDEA shall issue a warning letter to the student after the third unexcused absences stating that the student’s enrollment may be revoked for the remainder of the school year if the student has more than five unexcused absences in a semester. As an alternative to revoking enrollment, IDEA may impose a behavior improvement plan.
Notice to Parents: Under Texas Education Code § 25.095(a), you are hereby notified that if a student is absent from school on ten or more days or parts of days within a six-month period in any one school year, the parent is subject to prosecution under Texas Education Code § 25.093 and the student is subject to referral to a truancy court for truant conduct under Texas Family Code § 65.003(a).

IDEA shall notify a student’s parent if the student has been absent from school, without excuse, on three days or parts of days within a four-week period. The notice will inform the parent that it is the parent’s duty to monitor the student’s school attendance and require the student to attend school; the student is subject to truancy prevention measures under Texas Education Code § 25.0915; and that a conference between school officials and the parent is needed to discuss the absences.

**Required Documentation of Absences**

A student absent from school, upon his or her return, must provide a written note to the school that explains the absence. The note must either be signed by a parent, guardian, or the student if the student is over the age of 17 or emancipated.

**Excused Absences**

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days;
- Required court appearances;
- Activities related to obtaining United States citizenship;
- Service as an election clerk;
- Documented health-care appointments for the student or a child of the student, including absences for recognized services for students diagnosed with autism spectrum disorders. A note from the health-care provider must be submitted upon the student’s arrival or return to campus;
- For students in the conservatorship (custody) of the state;
- Mental health or therapy appointments;
- Temporary absence resulting from any cause acceptable to the teacher, Principal, or Superintendent; or
- Court-ordered family visitations or any other court-ordered activity, provided it is not practicable to schedule the student’s participation in the activity outside of school hours.

Students may be excused up to two absences in their junior year and two absences in their senior year when visiting an accredited institution of higher education for the purpose of determining their interest in attending that institution. Upon return to school, a student shall provide a written note to the school that explains the absence, along with documentation indicating that the student indeed visited the institution.

Absences of up to two days in a school year will also be considered an exemption for a student serving as an early voting clerk, provided the student notifies his or her teachers and receives approval from the Principal prior to the absence.

Absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments.

For religious holy days, required court appearances, activities related to obtaining citizenship, and serving as an election clerk, one day of travel to the site and one day of travel from the site shall also be excused by IDEA.
**Unexcused Absences**

Any absence not listed above or approved in advance by the Principal due to extenuating circumstances will be considered an unexcused absence. Vacations are not an acceptable cause for an excused absence from school.

**Leaving Campus During School Hours**

A student younger than 18 years old must have prior parent/guardian approval, either written or by a school documented phone call, before that student may leave the school campus during school hours.

**Tuition**

IDEA may not charge tuition to an eligible student.

---

**REQUIRED INSTRUCTION AND GRADUATION**

IDEA maintains compliance with all state laws and regulations governing curriculum and graduation requirements.

**Required Curriculum**

IDEA offers instruction in the essential knowledge and skills of the appropriate grade levels in the following required curriculum:

1. A foundation curriculum that includes:
   - a. English language arts and reading;
   - b. Mathematics;
   - c. Science;
   - d. Social studies; and

2. An enrichment curriculum that includes
   - a. Languages other than English, to the extent possible;
   - b. Health education;
   - c. Physical education (“PE”);
   - d. Fine Arts;
   - e. Career and technical education; and
   - f. Technology applications.
Physical Education Requirements

All students in grades K–5 will engage in at least 135 minutes of physical activity each week as part of the physical education curriculum.

Students in grades 6-8 will engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters.

Physical Education Exemption

Short-term exemptions from physical education is possible for students who have fewer physical abilities, illnesses, or other incapacities that a physician deems severe enough to warrant exemption or severe enough to warrant modified activity in such classes. Each case is handled on an individual basis as follows:

1. Each request for exemption or for modified activity must be accompanied by a physician's certificate. Such certificates are honored, but must be renewed each year.

2. When the certificate will allow modified activities in class, the student should remain in physical education class. The teachers adjust the activities of the student to the disability.

3. An exempted student may be admitted to regular physical education activities only upon presentation of a written statement from the same physician who signed the original exemption.

Graduation Plan

IDEA shall ensure that each student enrolls in the courses necessary to complete the curriculum requirements identified by the State Board of Education (“SBOE”) for the foundation high school program, or the recommended or advanced high school program. As required by the IPS charter, a student may graduate and receive a diploma only if the student successfully completes the curriculum requirements identified by the SBOE, has been accepted into a four-year college or university, has completed a minimum of 125 hours of community service, and has performed satisfactorily on required end of course assessment instruments.

Requirements for a Diploma for Students Enrolled in High School Prior to the 2014–2015 School Year

To receive a high school diploma, a student who was enrolled in high school prior to the 2014–2015 school year must successfully:

1. Complete the required number of credits established by the State and any additional credits required by IDEA;

2. Complete any locally required courses in addition to the courses mandated by the State; and

3. Achieve passing scores on certain end-of-course (“EOC”) assessments or approved substitute assessments, unless specifically waived as permitted by State law.

Requirements for a Diploma Beginning with the 2014–2015 School Year

Beginning with students who enter grade 9 in the 2014–2015 school year, as well as any currently-enrolled high school student who decides to graduate under the new foundation graduation program, a student must meet the following requirements to receive a high school diploma:
1. Complete the required number of credits established by the State and any additional credits required by IDEA;

2. Complete any locally required courses in addition to the courses mandated by the State;

3. Achieve passing scores on certain EOC assessments or approved substitute assessments, unless specifically waived as permitted by State law; and

4. Demonstrate proficiency, as determined by IDEA, in the specific communication skills required by the State Board of Education.

**Testing Requirements for Graduation**

Students are required, with limited exceptions, to perform satisfactorily on the following EOC assessments: English I, English II, Algebra I, Biology, and United States History. A student who has not achieved sufficient scores on the EOC assessments to graduate will have opportunities to retake the assessments. State law and state rules also provide for certain scores on norm-referenced national standardized assessments to substitute for the requirement to meet satisfactory performance on an applicable EOC assessment should a student choose this option. See the Principal for more information on the State testing requirements for graduation.

If a student fails to perform satisfactorily on an EOC assessment, IDEA will provide remediation in the content area for which the performance standard was not met. This may require student participation before or after normal school hours, or at times of the year outside of normal school operations.

**Minimum, Recommended, and Advanced/Distinguished Achievement Graduation Programs**

For students who were enrolled in high school prior to the 2014–2015 school year, IDEA offers the Minimum, Recommended, and Advanced/Distinguished Achievement Graduation programs. Students enrolled in high school prior to the 2014–2015 school year also have the option to pursue the foundation graduation program as described below.

Please note that participation to enroll in the Minimum High School Program will be granted only if a written agreement is reached between the student, a parent or person standing in parental relation, and an appropriate school administrator. In order for a student to take classes under the Minimum Program, the student must be at least 16 years of age; have completed at least two credits each in English language arts, math, science, and social studies courses that are required for graduation; or have failed grade 9 on one or more times.

**Foundation Graduation Program**

Students who enter grade 9 in the 2014–2015 school year and thereafter will graduate under the “foundation school program.” Within the foundation graduation program are “endorsements,” which are paths of interest that include Science, Technology, Engineering, and Mathematics (“STEM”); Business and Industry; Public Services; Arts and Humanities; and Multidisciplinary Studies. Endorsements earned by a student will be noted on the student’s transcript and diploma. The foundation graduation program also involves the term “distinguished level of achievement,” which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits. State law and rules prohibit a student from graduating solely under the foundation graduation program without an endorsement unless, after the student’s sophomore year, the student and the student’s parent are advised of the specific benefits of graduating with an endorsement and submit written permission to an appropriate school administrator for the student to graduate without an endorsement. A student who anticipates graduating under the foundation graduation program without an endorsement and who wishes to attend a four-year university or college after graduation must carefully consider whether this will satisfy the admission requirements of the student’s desired college or university.
Graduating under the foundation graduation program will also provide opportunities to earn “performance acknowledgements” that will be acknowledged on a student’s diploma and transcript. Performance acknowledgements are available for outstanding performance in bilingualism and biliteracy, in a dual credit course; on an AP or IB exam; on the PSAT, ACT-Plan, SAT, or ACT exam; or for earning a nationally or internationally recognized license or certificate. The criteria for earning these performance acknowledgements are prescribed by state rules, and the Principal can provide more information about these acknowledgments.

A student enrolled in high school prior to the 2014–2015 school year has the option of graduating under the foundation graduation program rather than the programs identified above that would otherwise be applicable to the student. See the Principal for additional information.

Standardized Testing

STAAR (State of Texas Assessments of Academic Readiness)

In addition to routine tests and other measures of achievement, students in grades 3–8 will take state-mandated assessments, such as the STAAR, in the following subjects:

- Reading, annually in grades 3–8.
- Writing, including spelling and grammar, in grades 4–7.
- Science in grades 5 and 8.
- Social Studies in grade 8.

Successful performance on the reading and math assessments in grades 5 and 8 is required by law, unless the student is enrolled in a reading or math course intended for students above the student’s current grade level, in order for the student to be promoted to the next grade level.

The STAAR program also includes assessments that address students receiving special education services and for English language learners who meet particular participation requirements set by the State.

End-of-Course Assessments for Students in Grades 9–12

STAAR end-of-course (“EOC”) assessments are administered for the following courses:

- Algebra I;
- English I and II;
- Biology; and
- United States History.

Satisfactory performance on the applicable assessments will be required for graduation, except in circumstances where a student may be eligible to graduate in accordance with a plan approved by an Individual Graduation Committee. (See “Individual Graduation Committee Decisions” above.)
There are three testing windows during the school year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment.

**Texas Success Initiative Assessment**

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative ("TSI") assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This assessment may be required before a student enrolls in a dual-credit course offered through IDEA as well.

**Texas English Language Proficiency Assessment System ("TELPAS")**

The Texas English Language Proficiency Assessment System ("TELPAS") is a system of statewide assessments administered to all Limited English Proficient ("LEP") students in grades K–12. The TELPAS measures English ability based on the stages of language development of second language learners. These results will further the understanding of the educational needs of LEP students by providing a state-level measure of both their current academic English levels and their annual progress in English.

**Attendance Needed Per Class for Credit**

To receive credit or a final grade in a class, a student must attend at least 90% of the total number of days a class is offered in a school year. These days may include both excused and unexcused absences. A student who attends fewer than 90% of the days the class is offered may be referred to the Attendance Committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit or earn a final grade.

In determining whether there were extenuating circumstances for the absences, the Attendance Committee will use the following guidelines:

1. All absences, whether excused or unexcused, must be considered, with consideration given to special circumstances as defined by the Texas Education Code.

2. For a student transferring into IDEA after school begins, including a migrant student, only those absences after enrollment will be considered.

3. In reaching consensus about a student’s absences, the committee will attempt to ensure that its decision is in the best interest of the student.

4. The committee will consider whether the absences were for reasons over which the student or parent could exercise control.

5. The committee will consider the acceptability and authenticity of documentation expressing reasons for the student's absences.

6. The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.

7. The student, parent or other representative will be given an opportunity to present any information to the committee about the absences and to discuss ways to earn or regain credit.
If credit is lost because of excessive absences, the attendance committee will decide how the student may regain credit or earn a final grade. If the committee determines there are no extenuating circumstances and that credit or a final grade may not be earned, the student or parent may appeal the committee’s decision to the Board of Directors by filing a written request with the Superintendent. The appeal notice must be postmarked to the following address within 30 days following the last day of instruction in the semester for which credit was denied:

IDEA Public Schools  
Notice of Appeal: Class Credit  
Attn: Superintendent  
505 Angelita Drive, Suite 9  
Weslaco, Texas 78599

The appeal will then be placed on the agenda of the next regularly scheduled Board meeting. The Superintendent or designee shall inform the student or parent of the date, time, and place of the meeting.

**Promotion and Retention Requirements**

A student may be promoted on the basis of academic achievement and/or demonstrated proficiency in the subject matter of the course or grade level. To earn credit in a course, a student must demonstrate mastery on grade level standards and meet school requirements for attendance. A student in grades 9–12 will be advanced a grade level based on the number of course credits earned.

In addition, at certain grade levels a student – with limited exceptions – will be required to pass the State of Texas Assessments of Academic Readiness (“STAAR”), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

- In order to be promoted to grade 6, students enrolled in grade 5 must perform satisfactorily on required State assessments.  
- In order to be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on required State assessments.

If a student in grade 5 or 8 is enrolled in a course that earns high school credit and for which an end-of-course (“EOC”) assessment will be administered, the student will not be subject to the promotion requirements described above for the relevant grade 5 or 8 assessment. However, for federal accountability purposes, the student may be required to take both the grade level and EOC assessment.

If a student in grade 8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the student will be required to take an applicable state mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

Parents of students who do not perform satisfactorily on their STAAR or EOC assessments will be notified that their child will participate in an Accelerated Instructional Program designed to improve performance. A student in grade 5 or 8 will have two additional opportunities to take a failed assessment. If a student fails a second time, a grade placement committee, consisting of the Principal or designee, the student’s teacher, and the student’s parent will determine the additional special instruction the student will receive.

Students will also have multiple opportunities to retake EOC assessments.

If a student fails after a third attempt, the student will be retained at his or her current grade level. The parent, however, may appeal this decision to the Committee. A decision to promote a student to the next grade level must be unanimous. Regardless of whether the student is retained or promoted, an educational plan for the student will be designed to enable the
student to perform at grade level by the end of the next school year.

In addition to the requirements listed above for students in grades 5 and 8, a student may be considered for retention if they have met any of the following criteria:

1) failed one or more core subject areas;
2) failed one or more state assessments
3) is below level in one or more core subject areas;
4) missed more than 10% of instructional days in an academic year. The decision must be made by a committee, which is comprised of the child’s core subject area teachers, the counselor and the principal.

Students with Disabilities

Upon the recommendation of the Admission, Review, and Dismissal (“ARD”) Committee, a student with disabilities who is receiving special education services may be promoted and/or permitted to graduate under the provisions of his or her Individualized Education Program (“IEP”).

A student who receives special education services and has completed four years of high school, but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

HEALTH

Prohibition of Tobacco and Alcohol

Smoking and/or using tobacco products (including cigarettes, electronic cigarettes or “e-cigarettes,” cigars, and pipes) is prohibited on IDEA property at all times, and at school-related or school-sanctioned activities, on or off school property. Student violators are subject to possible prosecution, as allowed by law, as well as the disciplinary terms of the Student Code of Conduct.

In order to provide a safe and alcohol-free environment for students and employees, all alcoholic beverages are prohibited on IDEA property at all times, and at all school-sanctioned activities occurring on or off school property. Student violators are subject to possible prosecution, as allowed by law, as well as the disciplinary terms of the Student Code of Conduct.

Drug-Free School Notice

IDEA believes that student use of illicit drugs is both wrong and harmful. Consequently, IDEA prohibits the use, sale, possession, or distribution of illicit drugs by students on school premises or any school activity, regardless of its location. IDEA also prohibits the use, sale, possession, or distribution of look-alike substances and/or synthetic substances designed to imitate the look and/or effects of illicit drugs. Student violators are subject to possible prosecution, as allowed by law, as well as the disciplinary terms of the Student Code of Conduct.
**Emergency Medical Treatment**

If a student has a medical emergency at school or a school-related activity and the parent cannot be reached, IDEA staff will seek emergency medical treatment unless the parent has previously provided a written statement denying this authorization. Parents are asked each year to complete an “Emergency Care” consent form, which includes information about their student’s allergies to medications, etc. Parents should keep emergency contact information current (e.g., name of doctor, emergency phone numbers, allergies, etc.).

**Immunizations**

The State of Texas requires that every child in the state be immunized against vaccine preventable diseases caused by infectious agents in accordance with an established immunization schedule.

To determine the specific number of doses that are required for your student, please read the “Texas Minimum State Vaccine Requirements for Students Grades K–12” document issued by the Texas Department of State Health Services (“TDSHS”). For specific immunization requirements, please visit the TDSHS website at [http://www.dshs.state.tx.us/immunize/school/](http://www.dshs.state.tx.us/immunize/school/).

Proof of immunization may be personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

IDEA shall ensure compliance with immunization laws and regulations and complies with laws and regulations regarding reportable diseases.

**Provisional Enrollment**

A student can be enrolled provisionally for no more than 30 days if she or he transfers from one Texas school to another, and is awaiting the transfer or the immunization record.

A student may be enrolled provisionally if the student has an immunization record that indicates the student has received at least one dose of each specified age-appropriate required vaccine. To remain enrolled, the student must complete the required subsequent doses in each vaccine series on schedule and as rapidly as is medically feasible and provide acceptable evidence of vaccination to the school. IDEA shall review the immunization status of a provisionally enrolled student every 30 days to ensure continued compliance in completing the required doses of vaccination. If at the end of the 30-day period, a student has not received a subsequent dose of vaccine, then the student is not in compliance and IDEA shall exclude the student from school attendance until the required dose is administered.

A student who is homeless, as defined by the McKinney Act (42 U.S.C. § 11302), shall be admitted temporarily for 30 days if acceptable evidence of vaccination is not available. IDEA shall promptly refer the student to appropriate public health programs to obtain the required vaccinations.

**Exclusions from Immunization Requirements**

Exclusions from immunization requirements are allowable on an individual basis for medical reasons, reasons of conscience (including a religious belief), and active duty with the armed forces of the United States.

To claim exclusion for medical reasons, the student must present a statement signed by the student’s physician (M.D. or D.O.), duly registered and licensed to practice medicine in the United States who has examined the student, in which it is stated that, in the physician’s opinion, the vaccine required is medically contraindicated or poses a significant risk to the health and well-being of the student or any member of the student’s household. Unless it is written in the statement that a lifelong condition exists, the exemption statement is valid for only one year from the date signed by the physician.
To claim an exclusion for reasons of conscience, including a religious belief, a signed DSHS affidavit must be presented by the student's parent, stating that the student's parent declines vaccinations for reasons of conscience, including because of the person's religious beliefs, the affidavit will be valid for a two-year period. The form affidavit may be obtained by writing the TDSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347, or online at https://corequest.dshs.texas.gov/. The form must be submitted to the Principal within 90 days from the date it is notarized. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student. Students who have not received the required immunizations for reasons of conscience, including religious beliefs, may be excluded from school in times of emergency or epidemic declared by the commissioner of public health.

To claim exclusion for armed forces, the student must prove that he or she is serving on active duty with the armed forces of the United States.

If a parent seeks an exemption for more than one student, a separate form must be provided for each student.

**Immunization Records Reporting**

IDEA's record of a student's immunization history, while private in most instances, may be inspected by the Texas Education Agency, local health departments, and TDSHS and transferred to other schools associated with the transfer of the student to those schools.

**Communicable Diseases**

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. Parents of students with a communicable or contagious disease should notify the Principal or designee so that other students who might have been exposed to the disease can be alerted.

School authorities, including Headquarters staff, a Principal, teacher, school health official, or counselor will report those students who are suspected of having a reportable condition. A list of reportable conditions can be retrieved from the main office at each campus, or found on the Department of State Health Services website at: http://www.dshs.state.tx.us/idcu/investigation/conditions/.

Any student excluded from school attendance for reason of communicable disease may be readmitted by one or more of the following methods, as determined by the local health authority:

- Certificate of the attending physician, advanced practice nurse, or physician assistant attesting that the child does not currently have signs or symptoms of a communicable disease or to the disease’s non-infectiousness in a school setting;
- Submitting a permit for readmission issued by a local health authority; or
- Meeting readmission criteria as established by the commissioner of health.

**Administration of Medication**

Medication should be administered at home whenever possible. If necessary, medication can be administered at school under the following circumstances:

- Prescription medication brought to school must be submitted by a parent, along with a written request. The medication must also be in the original and properly labeled container.
- Prescription medications administered during school hours must be prescribed by a physician or advanced nurse
practitioner ("ANP") and filled by a pharmacist licensed in the State of Texas. In accordance with the Texas Board of Nursing's Nurse Practice Act, IDEA will not administer medications prescribed, fulfilled or originating in or from Mexico.

- Prescription medications must be submitted in a labeled container showing the student’s name, name of the medication, reason the medication is being given, proper dosage amounts, the time the medication must be taken, and the method used to administer the medication. Medications sent in plastic baggies or unlabeled containers will NOT be administered.

- If the substance is herbal or a dietary supplement, it must be provided by the parent and will be administered only if required by the student's Individualized Education Program ("IEP") or Section 504 plan for a student with disabilities.

- Only the amount of medication needed should be delivered to the school, i.e., enough medication to last one day, one week, etc. In cases of prolonged need, send in the amount for a clearly specified period. Extra medication will not be sent home with the student.

- In certain emergency situations, IDEA may administer a nonprescription medication to a student, but only in accordance with the guidelines developed by IDEA's medical advisor and when the parent has previously provided written consent for emergency treatment.

Changes to daily medication require written instruction from the physician or ANP and written permission from the parent. Parents are responsible for advising IDEA that a medication has been discontinued.

**Authorized Employees**

Employees authorized by IDEA to administer prescription medication include: School Health Aide, office personnel, and anyone designated by the Director of Health Services.

**Self-Administration of Prescription Asthma or Anaphylaxis Medicine**

The Health Aide of each campus shall ensure that a student with asthma or anaphylaxis may possess and self-administer prescription medication if the student has physician’s orders and parent permission. The medication must have been prescribed for the student and be in an original container with a prescription label. If a student experiences a severe allergic reaction, the health aide or supervising adult is authorized to administer the appropriate anaphylaxis drug. A student may self-administer the drug if he/she meets the requirements below.

Before a student may be allowed to self-administer asthma or anaphylaxis medication, the parent must provide:

- signed, written authorization for the student to self-administer the prescription medicine while on school property or at a school-related activity; and

- a written statement signed by the child’s physician or provider that states that the student has asthma and/or anaphylaxis and is capable of self-administering the prescription medication;

- the name and purpose of the medicine;

- the prescribed dosage of the medicine;

- the time(s) at which or circumstances under which the medicine may be administered; and

- the period for which the medicine is prescribed.
Written authorizations to self-administer asthma or anaphylaxis medication should be updated annually unless otherwise indicated by the student’s physician.

**Psychotropic Medication**

An employee may not:

1) Recommend that a student use a psychotropic drug;

2) Suggest any particular diagnosis; or

3) Preclude a student from attending class or participating in a school related activity if the parent refuses to consent to the administration of a psychotropic drug to a student or to a psychiatric evaluation or examination of the student.

This does not prevent an employee from:

1) Making an appropriate referral under the Individuals with Disabilities in Education Act;

2) Recommending that a child be evaluated by an appropriate medical practitioner if the employee is a registered nurse, advance nurse practitioner, physician, or certified/credentialed mental health professional

3) Discussing any aspect of a student’s behavior or academic progress with the student's parent/guardian or another IDEA employee.

**Bacterial Meningitis Information**

State law requires IDEA to provide the following information:

**What is meningitis?**

Meningitis is an inflammation of the covering of the brain and spinal cord—also called the meninges. It can be caused by viruses, parasites, fungi, and bacteria. Viral (aseptic) meningitis is common; most people recover fully. Medical management of viral meningitis consists of supportive treatment and there is usually no indication for the use of antibiotics. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life support management.

There are two common types of bacteria that cause meningitis: - *Strep pneumoniae* causes pneumococcal meningitis; there are over 80 subtypes that cause illness - *Neisseria meningitides*—Meningococcal meningitis; there are 5 subtypes that cause serious illness—A, B, C, Y, W-135

**What are the symptoms?**

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms, but any of the following are possible. Children (over 1 year old) and adults with meningitis may have:

- Severe headache
- High temperature
- Vomiting
- Sensitivity to bright lights
- Neck stiffness, joint pains
- Drowsiness or confusion
In both children and adults, there may be a rash of tiny, red-purple spots or bruises caused by bleeding under the skin. These can occur anywhere on the body. They are a sign of blood poisoning (septicemia), which sometimes happens with meningitis, particularly the meningococcal strain.

**What is the risk of getting bacterial meningitis?**
The risk of getting bacterial meningitis in all age groups is about 2.4 cases per 100,000 population per year. However, the highest risk group for the most serious form of the disease, meningococcal meningitis, is highest among children 2 to 18 years old. Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing; sharing drinking containers, utensils, or cigarettes).

**How serious is bacterial meningitis?**
If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability, such as deafness, blindness, amputations or brain damage (resulting in mental retardation or paralysis) even with prompt treatment.

**How is bacterial meningitis spread?**
Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing; sharing drinking containers, utensils, or cigarettes). The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks or even months. Being a carrier helps to stimulate the body’s natural defense system. The bacteria rarely overcomes the body’s immune system and causes meningitis or another serious illness.

**How can bacterial meningitis be prevented?**
Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss. Vaccines against pneumococcal disease are recommended both for young children and adults over 64. A vaccine against four meningococcal serogroups (A, C, Y, W-135) is available. These four groups cause the majority of meningococcal cases in the United States. This vaccine is recommended by some groups for college students, particularly freshmen living in dorms or residence halls. The vaccine is safe and effective (85-90%). It can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within 7 to 10 days after the vaccine is given and lasts for up to 5 years.

**What you should do if you think you or a friend might have bacterial meningitis?**
Seek prompt medical attention.

**How is bacterial meningitis diagnosed?**
The diagnosis is usually based on a combination of clinical symptoms and laboratory results from spinal fluid and blood. Spinal fluid is obtained by a lumbar puncture (spinal tap).

**For more information**
Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Texas Department of Health office to ask about meningococcal vaccine.

Additional information may also be found at the web sites for the Centers for Disease Control and Prevention: [www.cdc.gov](http://www.cdc.gov) and the TDSHS: [https://www.dshs.state.tx.us/idcu/disease/meningitis/](https://www.dshs.state.tx.us/idcu/disease/meningitis/).
Dyslexia and Related Disorders

From time to time, students may be tested and, where appropriate, treated for dyslexia and related disorders in accordance with programs, rules and standard approved by the state. The program approved by the state must include screening at the end of the school year of each student in kindergarten and each student in the first grade. Parents will be notified should IDEA determine a need to identify or assess their student for dyslexia and related disorders.

Vision and Hearing Screenings

All children enrolled in Texas schools must be screened for possible vision and hearing problems in accordance with regulations issued by the TDSHS. Students in certain grade levels identified by state regulations shall be screened for vision and hearing problems annually. A student may be screened using photo screening to detect vision disorders.

Screening records for individual students may be inspected by the TDSHS or a local health department, and may be transferred to another school without parental consent.

**Exemption:** A student is exempt from screening requirements if screening conflicts with the tenets and practices of a recognized church or religious denomination of which the individual is an adherent or a member. To qualify for the exemption, the individual or, if the individual is a minor, the minor’s parent, managing conservator, or guardian, must submit to the Principal or designee on or before the day of admission an affidavit stating the objections to screening.

Spinal Screening

Certain students must be screened for abnormal spinal curvature before the end of the school year. The screening requirement for students entering grade six or nine may be met if the child has been screened for spinal deformities during the previous year.

A parent who declines participation in the spinal screening provided by IDEA must submit to the Principal or designee documentation of a professional examination which includes the results of a forward-bend test. This documentation must be submitted to IDEA during the year the student is scheduled for screening or, if the professional exam is obtained during the following summer, at the beginning of the following school year.

**Exemption:** A student is exempt from screening if the screening conflicts with the tenets and practices of a recognized church or religious denomination of which the individual is an adherent or member. To qualify for the exemption, the student’s parent, managing conservator, or guardian must submit to the Principal or designee on or before the day of the screening procedure an affidavit stating the objections to screening.

Fitness Testing

According to requirements under state law, IDEA will annually assess the physical fitness of students. IDEA is not required to assess a student for whom, as a result of disability or other condition identified by rule or law, the assessment exam is inappropriate.

**Excuses from Physical Education:** Any child who is to be excused, for reasons of health, from physical education or other normal school activities must bring a note from home to IDEA stating the reason why and the duration of the excuse.
Pest Control

IDEA periodically applies pesticides to school buildings and grounds to control unwanted pests, such as insects and rodents. We will post notices of those treatment dates as required by law and will schedule treatment times when students or employees are least likely to be in the building or on the grounds.

Asbestos Management Plan

All school facilities have been inspected for asbestos by a licensed Asbestos Hazard Emergency Response Act ("AHERA") inspector. An Asbestos Management Plan has been created for IDEA in compliance with state and federal regulations. Parents may view the Asbestos Management Plan in the APO's office during regular business hours 8:00 a.m. to 5:00 p.m., Monday through Friday. If you have any questions, please contact IDEA's Director of Facilities, at (956) 377-8000.

Posting of Steroid Notice

IDEA does not permit steroid use. A notice shall be posted in a conspicuous location in the school gym or in each other place in a building where physical education classes are conducted.

STUDENT SAFETY

Student Code of Conduct

IDEA has adopted a Student Code of Conduct in accordance with law.

The Principal shall ensure that the student code of conduct is distributed to each student at the beginning of the year. Transfer students shall receive a student code of conduct upon enrollment.

Students with disabilities: any change in placement and/or any disciplinary action regarding a student with a disability, who needs or is believed to need special education and related services under the Individuals with Disabilities and Education Act, shall be in compliance with applicable federal and state laws and regulations.

Child Abuse Reporting and Programs

Using resources developed by the Texas Education Agency, IDEA provides child abuse anti-victimization programs and cooperates with official child abuse investigators as required by law. IDEA also provides training to its teachers and students in preventing and addressing incidents of abuse and other maltreatment of students, including knowledge of likely warning signs indication that a student may be a victim of abuse or maltreatment. Assistance, interventions, and counseling options are also available.

School administrators will cooperate with law enforcement investigations of child abuse, including investigations by the Texas Department of Protective and Family Services. School officials may not refuse to permit an investigator to interview at school a student who is alleged to be a victim of abuse or neglect. School officials may not require the investigator to permit school personnel to be present during an interview conducted at school.

Investigations at school may be conducted by authorized law enforcement or state agencies without prior notification or consent of the student’s parents.
Reporting Child Abuse

Any IDEA employee, volunteer, or agent that believes a child has been adversely affected by physical or mental abuse or neglect shall make a report within 48 hours of first suspecting such abuse or neglect. The report shall be made to law enforcement or the Department of Family and Protective Services, Child Protective Services.

Plan for Addressing Sexual Abuse and Other Maltreatment of Children

What is Sexual Abuse of a Child?
The Texas Family Code defines “sexual abuse” as any sexual conduct harmful to a child’s mental, emotional, or physical welfare as well as, in certain circumstances, failure to make a reasonable effort to prevent sexual conduct harmful to a child.

What is Other Maltreatment of a Child?
Under State law, “other maltreatment” of a child includes “abuse” or “neglect,” as defined by Texas Family Code sections 261.001 and 261.401.

Reporting Obligation
Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to the Texas Department of Family and Protective Services (DFPS). Reports may be made by contacting one of the following:

- Your local police department.
- Call 911 for emergency situations.

IDEA has established a plan for addressing child sexual abuse and other maltreatment of children (the “Plan”). The Plan is addressed in this section of the Handbook.

Methods for Increasing Awareness Regarding Sexual Abuse or Other Maltreatment of Children

For Staff: IDEA annually trains staff in all content areas addressed in the Plan. Training is provided by campus staff, administrative staff, or outside agencies as determined by the campus administration.

For Students: School counseling staff will address issues to increase awareness regarding sexual abuse and other maltreatment of children and anti-victimization programs with age appropriate conversation and materials no less than once per school year. These discussions will occur in classroom group settings.

For Parents: Parents must be aware of warning signs indicating that their child may have been or is being sexually abused or otherwise maltreated. A child who has experienced sexual abuse or other maltreatment should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that evidence of sexual abuse or other maltreatment may be more indirect than disclosures or signs of physical abuse. It is important to remain calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing in coming to you.

The fact that the abuser is a parent or other family member does not remove your obligation to protect the child. Parents who permit their child to remain in a situation where he or she may be injured or abused may also be subject to prosecution for child abuse. And, if you are frightened for your own safety or that of your child, you should call 911 or 1-800-252-5400.

Also remember that parents are legally responsible for the care of their children and must provide their children with safe
and adequate food, clothing, shelter, protection, medical care and supervision, or arrange for someone else to provide these things. Failure to do so may be considered neglect.

The Principal or designee will provide information regarding counseling options available in your area for you and your child if your child is a victim of sexual abuse or other maltreatment. The DFPS also provides early abuse intervention through counseling programs. Services available in your county can be accessed at the following web address:

Likely Warning Signs of Sexual Abuse or Other Maltreatment

Psychological and behavioral signs of possible sexual abuse or other maltreatment may include:

- Nightmares, sleep problems, extreme fears without an obvious explanation.
- Sudden or unexplained personality changes; becoming withdrawn, angry, moody, clingy, “checking out” or showing significant changes in eating habits.
- Depression or irritability.
- An older child behaving like a young child, for example, bedwetting or thumb sucking.
- Developing fear of certain places or resisting being alone with an adult or young person for unknown reasons.
- Resistance to routine bathing, toileting, or removing clothes, even in appropriate situations.
- Play, writing, drawings, or dreams of sexual or frightening images.
- Refusal to talk about a secret he or she has with an adult or older child.
- Leaving clues that seem likely to provoke a discussion about sexual issues.
- Using new or adult words for body parts.
- Engaging in adult-like sexual activities with toys, objects or other children.
- Developing special relationships with older friends that may include unexplained money, gifts, or privileges.
- Intentionally harming him or herself, for example, drug/alcohol use, cutting, burring, running away, and sexual promiscuity.
- Thinking of self or body as repulsive, dirty, or bad.
- Becoming increasingly secretive about Internet or telephone use.
Physical symptoms of possible sexual abuse or other maltreatment include:

- Stomachaches or illness, often with no identifiable reason.
- Difficulty in walking or sitting.
- Stained or bloody underwear.
- Genital or rectal pain, itching, swelling, redness, or discharge.
- Bruises or other injuries in the genital or rectal area.
- Unexplained soreness, pain or bruises around mouth, sexually transmitted disease, or pregnancy.

Any one sign does not necessarily mean that a child has been sexually abused or maltreated, but the presence of several signs is the time you should begin asking questions and seeking help. Often signs first emerge at other times of stress, such as during a divorce, death of a family member or pet, problems at school or with friends, or other traumatic or anxiety-inducing events.

**Actions That a Child Who Is a Victim of Sexual Abuse or Other Maltreatment Should Take**

During student awareness sessions concerning sexual abuse and other maltreatment issues, students will be encouraged to tell a trusted adult in a private and confidential conversation if they have been a victim of sexual abuse or other maltreatment or have been in situations that make them feel uncomfortable in any way. School employees are trained to take appropriate actions to help the child obtain assistance and to follow proper reporting procedures. Older students will also be provided with local crisis hotline numbers to obtain assistance.

**Freedom from Discrimination, Harassment, and Retaliation**

**Statement of Nondiscrimination**

IDEA prohibits discrimination, including harassment, against any student on the basis of race, color, religions, gender, national origin, disability, age, sexual orientation, or any other basis prohibited by law. IDEA also prohibits dating violence, as defined by this Handbook. Retaliation against anyone involved in the complaint process is a violation of school policy.

**Discrimination**

For purposes of this Handbook, discrimination against a student is defined as conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, age, or any other basis prohibited by law and that adversely affects the student.

**Prohibited Harassment**

Prohibited harassment of a student is defined as physical, verbal, or nonverbal conduct based on the student’s race, color, religion, gender, national origin, disability, age, or any other basis prohibited by law that is so severe, persistent, or pervasive that the conduct:

- Affects a student’s ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student’s academic performance; or
- Otherwise adversely affects the student’s educational opportunities.
Examples of prohibited harassment may include offensive or derogatory language directed at another person’s religious beliefs or practices, accent, skin color, or need for accommodation; threatening or intimidating conduct; offensive jokes; name calling, slurs, or rumors; physical aggression or assault; display of graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

Sexual Harassment and Gender-Based Harassment

In compliance with the requirements of Title IX, IDEA does not discriminate on the basis of sex in its educational programs or activities. Sexual harassment of a student, including harassment committed by another student, includes unwelcome sexual advances; requests for sexual favors; or sexually motivated physical, verbal, or nonverbal conduct when the conduct is so severe, persistent, or pervasive that it:

- Affects the student’s ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student’s academic performance; or
- Otherwise adversely affects the student’s educational opportunities.

Examples of sexual harassment of a student may include sexual advances; touching intimate body parts or coercing physical contact that is sexual in nature; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

IDEA also does not tolerate sexual harassment of a student by school employees. Romantic or inappropriate social relationships between students and school employees are prohibited. Any sexual relationship between a student and a school employee is always prohibited, even if consensual.

Sexual harassment of a student by a school employee includes both welcome and unwelcome sexual advances; requests for sexual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature when:

- A school employee causes the student to believe that the student must submit to the conduct in order to participate in a school program or activity, or that the employee will make an educational decision based on whether or not the student submits to the conduct; or

- The conduct is so severe, persistent, or pervasive that it:
  - Affects the student’s ability to participate in or benefit from an educational program or activity, or otherwise adversely affects the student’s educational opportunities; or
  - Creates an intimidating, threatening, hostile, or abusive educational environment.

Gender-based harassment includes harassment based on a student’s gender, expression by the student of stereotypical characteristics associated with the student’s gender, or the student’s failure to conform to stereotypical behavior related to gender.

Examples of gender-based harassment directed against a student, regardless of the student’s or the harasser’s actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.
**Dating Violence**

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other partner. Examples of dating violence against a student may include physical or sexual assaults, name-calling, put-downs, threats to hurt the student or the student’s family members or members of the student’s household, destroying property belonging to the student, threats to commit suicide or homicide if the student ends the relationship, attempts to isolate the student from friends and family, stalking, or encouraging others to engaged in these behaviors.

For purposes of this Handbook, dating violence is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct:

- Affects the student’s ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student’s academic performance; or
- Otherwise adversely affects the student’s educational opportunities.

**Retaliation**

IDEA prohibits retaliation against a student alleged to have experienced discrimination or harassment, including dating violence, or another student who, in good faith, makes a report, serves as a witness, or otherwise participates in an investigation. Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a school investigation regarding discrimination or harassment is subject to appropriate discipline.

**Reporting Procedures**

Any student who believes that he or she has experienced prohibited harassment or believes that another student has experienced prohibited harassment should immediately report the alleged acts to a teacher, counselor, the Principal or designee, or other school employee. Alternatively, a student may report prohibited harassment directly to the appropriate Coordinator identified in this Handbook.

A student shall not be required to report prohibited harassment to the person alleged to have committed the conduct. Reports concerning prohibited conduct, including reports against the Title IX Coordinator or ADA/Section 504 Coordinator may be directed to the Board of Directors. If a report is made directly to the Board, the Board shall appoint an appropriate person to conduct an investigation.

**Investigation of Complaints**

After receiving a complaint of prohibited discrimination or harassment, IDEA may require the student to prepare a written report. Oral complaints will be reduced to written form. Upon receipt of a complaint, the appropriate Coordinator or other authorized school official shall promptly authorize and undertake an investigation, and prepare a written decision regarding the complaint, including a determination of whether prohibited discrimination or harassment occurred.

When appropriate, IDEA may take interim action to avoid additional opportunities for discrimination or harassment. The investigation may consist of personal interviews with the person making the report, the person against whom the report is filed, and any others with knowledge of the circumstances surrounding the allegations. If the results of the investigation establish
that prohibited discrimination or harassment occurred, IDEA shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the discrimination or harassment and prevent its recurrence. IDEA may take disciplinary action based on the results of an investigation, even if it concludes that the conduct did not rise to the level of harassment prohibited by law or policy.

**Confidentiality**
To the greatest extent possible, IDEA shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation and comply with applicable law.

**Appeal**
A student or parent who is dissatisfied with the outcome of the investigation may appeal through the IDEA grievance procedure. A student shall be informed of his or her right to file a complaint with the United States Department of Education Office for Civil Rights.

**Freedom from Hazing, Bullying and Cyberbullying**
IDEA prohibits hazing, bullying, and cyberbullying as defined by this Handbook, as well as retaliation against anyone involved in the complaint process.

Hazing occurs when a student or group of students engages in conduct, on or off school property, directed against a student that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in an organization. The term includes, **but is not limited to**:

- Any type of physical brutality;
- Any type of physical activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
- Any activity involving consumption of a food, liquid, alcoholic beverage, liquor, drug, or other substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
- Any activity that intimidates or threatens the student with ostracism; subjects the student to extreme mental stress, shame, or humiliation that adversely affects the mental health or dignity of the student; discourages the student from entering or remaining enrolled in the school; or may reasonably be expected to cause the student to leave the school; or
- Any activity that induces, causes, or requires the student to perform a duty or task that involves a violation of the Texas Penal Code.

Bullying means a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student’s property, or placing a student in reasonable harm to the student’s person or of damage to the student’s property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student; or
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or the School; or
- Infringes on the rights of the victim at school.

Cyberbullying means bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an Internet website, or any other Internet-based communication tool.

The school’s bullying policy applies to:

- Bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;
- Bullying that occurs on a publicly or privately-owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and
- Cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying:
  - Interferes with a student’s educational opportunities; or
  - Substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity.

**Reporting Procedures**

Any student who believes that he or she has experienced any form of hazing and/or bullying or believes that another student has experienced hazing and/or bullying should immediately report the alleged acts to the Principal or designee, a teacher, counselor, or other school employee. A report may be made orally or in writing, and may be submitted anonymously. Any school employee who receives notice that a student has or may have experienced hazing and/or bullying shall immediately notify the Principal or designee. The Principal or designee will notify the victim, the student who engaged in bullying, and any student witnesses of available counseling options.

The Principal or designee shall provide notice of the incident of alleged bullying to:

- A parent or guardian of the alleged victim on or before the third business day after the date the incident is reported; and
- A parent or guardian of the alleged bullying within a reasonable amount of time after the incident.

**Investigation of Report**

The Principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited harassment, and if so proceed under that policy instead. The Principal or designee shall conduct an appropriate investigation based on the allegations in the report, and shall take prompt interim action calculated to prevent hazing and/or bullying during the course of an investigation, if appropriate.

The Principal or designee shall prepare a written report of the investigation, including a determination of whether hazing and/or bullying occurred. If the results of an investigation indicated that hazing and/or bullying occurred, the school shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the conduct in accordance with the Student Code of Conduct. IDEA may take action based on the results of an investigation, even if the school concludes that the conduct did not rise to the level of hazing and/or bullying under this policy.
Discipline for bullying of a student with disabilities shall comply with applicable requirements under federal law, including the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.). IDEA may not impose discipline on a student who, after an investigation, is found to be a victim of bullying, based on that student’s use of reasonable self-defense in response to the bullying.

The Principal, or the Principal’s designee, may make a report to the police department of the municipality in which the school is located or, if the school is not in a municipality, the sheriff of the county in which the school is located if, after an investigation is completed, the Principal or designee has reasonable grounds to believe that a student engaged in conduct that constitutes an offense under Section 22.01 (Assault) or 42.07(a)(7) (Harassment), Texas Penal Code.

Confidentiality
To the greatest extent possible, IDEA shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

Appeal
A student or parent who is dissatisfied with the outcome of the investigation may appeal through the IDEA grievance procedure.

Interrogations and Searches
In the interest of promoting student safety and attempting to ensure that IDEA is safe and drug free, school officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

Administrators, teachers and other professional personnel may question a student regarding the student’s own conduct or the conduct of other students. In the context of school discipline, students have no claim to the right not to incriminate themselves.

Students shall be free from unreasonable searches and seizures by school officials. School officials may search a student’s outer clothing, pockets, or property by establishing reasonable cause or securing the student’s voluntary consent.

A search is reasonable if (1) the school official has reasonable grounds for suspecting that the search will uncover evidence of a rule violation or a criminal violation and (2) the scope of the search is reasonably related to the circumstances justifying the search, such as the extent of the search, the objectives of the search, the age and sex of the student, and the nature of the infraction.

Desk and Locker Searches
Students should have no expectation of privacy in the contents of their lockers, desks or other school property. Lockers and desks assigned to students remain at all times under the control and jurisdiction of IDEA. IDEA will make periodic inspections of lockers and desks at any time, with or without notice or student consent. School officials will remove any item that violates school policy or that may potentially be dangerous.

Students have full responsibility for the security of their lockers and desks, and shall be held responsible for any prohibited items found therein. A student’s parent shall be notified if any prohibited articles or materials are found in a student’s locker or desk, or on the student’s person.
**Vehicles on Campus**

Vehicles parked on school property and property under school control are under the jurisdiction of IDEA and may be searched at any time if reasonable suspicion exists to believe that the search will result in evidence that school rules or other laws have been violated. If a vehicle subject to search is locked, the student shall be asked to unlock the vehicle and consent to a search of the vehicle. If the student refuses to permit the vehicle to be searched, IDEA may contact the student's parents and/or law enforcement officials. A student may be held responsible for and in possession of prohibited items found in his or her vehicle parked on school property or at a school-related event.

**Law Enforcement Agencies**

**Questioning of Students**

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the Principal will cooperate fully regarding the conditions of the interview if the questioning or interview is part of a child abuse investigation. In other circumstances:

1. The Principal or designee shall verify and record the identity of the official and request an explanation of the need to question or interview the student at school.

2. The Principal or designee ordinarily will make reasonable efforts to notify the student's parent, unless the interviewer raises what the Principal or designee considers to be a valid objection.

3. The Principal or designee ordinarily will be present during the questioning or interview, unless the interviewer raises what the Principal or designee considers to be a valid objection.

When the investigation involves allegations of child abuse, special rules apply.

**Students Taken into Custody**

State law requires IDEA to permit a student to be taken into legal custody:

1. Pursuant to an order of the juvenile court;
2. Pursuant to the laws of arrest;
3. By a law enforcement officer if there is probable cause to believe the student has engaged in conduct that violates a penal law, delinquent conduct or conduct in need of supervision, or conduct that violates a condition of probation imposed by the juvenile court;
4. By a probation officer if there is a probable cause to believe the student has violated a condition of probation imposed by the juvenile court;
5. Pursuant to a properly issued directive to apprehend;
6. By an authorized representative of the Texas Department of Family and Protective Services (“TDFPS”), a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in Section 262.104 of the Texas Family Code relating to the student's physical health or safety; or
7. To comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the Principal or designee will verify the officer's identity and, to the best of his or her ability, verify the official's authority to take custody of the student.

The Principal or designee will immediately notify the Superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the Principal or designee considers to be a valid objection to notifying
the parents. Because the Principal or designee does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

**Staff Notification**

IDEA is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been arrested or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who has been convicted, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.
- All appropriate school personnel in regards to a student who is required to register as a sex offender.

**School Visitors**

All visitors to IDEA must sign-in at the school campus administrative office. A sign at the entrance to the campus will direct visitors to the appropriate location.

All visitors must present a form of identification or at a minimum their name and date of birth. IDEA personnel process each visitor through the Texas Department of Public Safety’s Sex Offender Registry Search or other database system which checks for sex offender status. All approved visitors will be issued a badge that is to be worn at all times while visiting the school campus. Upon their departure they must sign-out at the central administrative office and return the visitor's badge.

Visitors who do not submit a form of identification or their name and date of birth for the purpose of checking sex offender status shall not be allowed on school grounds. A parent of a student enrolled at IDEA who does not provide identification or name and date of birth shall follow the same policy.

**Registered Sex Offenders**

Registered sex offenders are generally prohibited from entering school grounds.

**Exception:** A parent/guardian who is required to register as a sex offender may enter school grounds for the following limited purposes:

1. To attend a conference at the school with school personnel to discuss the academic and/or social progress of the parent/guardian's child;
2. To attend an ARD or IEP meeting or other conference where evaluation or placement decisions may be made respecting the student’s special education services;
3. When the Principal has requested the parent/guardian's presence for any other reason concerning the parent/guardian's child; or
4. To transport the child to school or pick up the child from school.

**Requirements for the Exception to Apply:**

1. The parent/guardian must notify the Principal of the purpose of the visit and when the visit will occur, including date and time, before the parent/guardian enters the school grounds.
2. The Principal shall notify the administrative offices of the parent/guardian's intent to visit.
3. The parent/guardian must check in at the campus administrative office upon arrival and departure from the school.
4. The parent/guardian must remain under the direct supervision of staff at all times.

Even under the limited circumstances set out above, the parent/guardian will not be permitted to enter or be present on school property if:

1. The individual’s parental rights have been terminated;
2. The individuals’ presence at school is prohibited by court order or conditions of probation; or
3. The Superintendent or campus administrator determines that the individual poses a threat to student safety or is likely to cause a disturbance to the educational environment.

In those cases, communications regarding the student will be conducted by alternate means such as telephone, mail, or electronic communications. Where the administration determines that a meeting is necessary, it will identify an appropriate meeting place where students are not present.

Procedures for Use of Restraint and Time-Outs

School employees, volunteers or independent contractors are authorized to use restraint in the event of an emergency and subject to the following limitations:

• Only reasonable force, necessary to address the emergency, may be used.
• The restraint must be discontinued at the point at which the emergency no longer exists.
• The restraint must be implemented in such a way as to protect the health and safety of the student and others.
• The student may not be deprived of basic human necessities.

At no time, however, may a student be placed in seclusion.

A student with a disability may not be confined in a locked box, locked closet or other specially designated locked space as either a discipline management practice or a behavior management technique.

Fireworks

A person may not explode or ignite fireworks within 600 feet of any IDEA campus unless that person receives authorization in writing from that school.

Weapon and Concealed Handgun Prohibition

IDEA prohibits the use or possession of any firearm, location-restricted knife, club, or other weapon while on the premises of the school or any school grounds or building in which a school activity is being conducted.
MISCELLANEOUS PROVISIONS RELATING TO STUDENTS

Religious Expression

IDEA prohibits discrimination, harassment, or retaliation on the basis of religion.

A student enrolled has the right to silently pray or meditate at IDEA, so long as it does not disrupt the instructional day or other activities of the school. IDEA shall not require, encourage, or coerce any student to engage in or to refrain from prayer or meditation during any school activity.

Pledges of Allegiance and Moment of Silence

Each school day, students will recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the Principal or designee to excuse their student from reciting a pledge.

State law requires that one minute of silence will follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that IDEA provide for the observance of one minute of silence at the beginning of the first-class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001.

Recitation of the Declaration of Independence

State law requires students in social studies classes in grades 3–12 to recite a portion of the text of the Declaration of Independence during “Celebrate Freedom Week.” A student will be exempted from this requirement if a parent provides a written statement requesting that the student be excused, IDEA determines that the student has a conscientious objection to the recitation, or the parent is a representative of a foreign government to whom the United States extends diplomatic immunity.

School Calendar

IDEA operates according to the school calendar adopted annually by the Board of Directors. Holidays may be used as school make-up days for days lost due to bad weather. The latest changes to the calendar will be available on the IDEA website.

School Day

The school day is Monday to Friday 7:45AM to 3:45PM. Students should be in their classrooms ready for instruction to begin at 7:45 AM. Any student not in class at 7:45 will be marked tardy.

Students must leave campus immediately after school dismisses in the afternoon, unless they are involved in an activity under the supervision of a teacher or sponsor. If a student is involved in an after-school activity, he or she must remain in the area where their activity is scheduled to take place. The student may not go to another area of the school without permission by the teacher or sponsor overseeing the activity.

During the school day, students may not loiter or stand in the halls between classes. Students must have a pass to be outside
the classroom during class time. Failure to obtain a pass will result in disciplinary action.

Textbooks and Curriculum Materials

State-approved textbooks and additional curriculum materials are provided free of charge for each subject or class, except for dual credit courses. Materials must be used by the students as directed by the teacher, and treated with care. A student who is issued damaged materials should report the damage to the teacher.

Students must return all textbooks and supplemental materials to the teacher at the end of the school year or when the student withdraws from school. Any student failing to return issued materials in an acceptable condition loses the right to free textbooks and educational materials until the student and/or parent pay for the damages. However, a student will be provided textbooks and educational materials for use during the school day. IDEA may reduce or waive the payment requirement if the student is from a low-income family. Release of student records, including official transcripts, will be delayed pending payment for lost or severely damaged textbooks.

Transcripts

IDEA maintains an academic achievement record (transcript) for each student enrolled. Transcripts list complete personal student data, give complete scholastic grades, and report student activities, honors, and scores on standardized achievement tests.

Extracurricular Activities, Clubs, and Organizations

Participation in school-related activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students. Participation, however, is a privilege and not a right. Eligibility for participation in many school-related activities is governed by state law and rules of the University Interscholastic League (“UIL”), a statewide association overseeing interscholastic competition between public schools. Additional information regarding extracurricular activities, clubs, and organizations may be obtained from the Principal.

Participation in these activities may result in events that occur off-campus. When IDEA arranges transportation for these events, students are required to use the transportation provide by IDEA to and from the event. Exceptions may only be made with approval from the activity’s coach or sponsor.

Please note: Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior – including consequences for misbehavior – that are stricter than those for students in general. If a violation of organization rules is also a violation of school rules, the consequences specified by the Student Code of Conduct or by local policy will apply in addition to any consequences specified by the organization.

Fees

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. Students are expected to provide their own consumable items, such as pencils, paper, pens, erasers, notebooks, calculators, headsets, etc. Students may be required to pay certain fees or deposits, including:

1. A fee for materials for a class project that the student will keep, if the fee does not exceed the cost of materials;
2. Membership dues in voluntary student clubs or organizations and admission fees to extracurricular activities;
3. A security deposit for the return of materials, supplies or equipment;
4. A fee for personal physical education and athletic equipment and apparel, although a student may provide the student's own equipment or apparel if it meets reasonable requirements and standards relating to health and safety;
5. A fee for voluntarily purchased items, such as student publications, class rings, pictures, yearbooks, graduation announcements, etc.;
6. A fee for voluntary student health and accident benefit plan;
7. A reasonable fee, not to exceed the actual annual maintenance cost, for the use of musical instruments and uniforms owned or rented by the school;
8. A fee for items of personal apparel used in extracurricular activities that become the property of the student;
9. A parking fee;
10. A fee for replacement of a student identification card;
11. If offered, a fee for a driver training course, not to exceed the actual cost per student in the program for the current school year;
12. A fee for an optional course offered for credit that requires the use of facilities not available on campus or the employment of an educator who is not part of the school's regular staff;
13. A fee for summer school courses that are offered tuition-free during the regular school year;
14. A reasonable fee, not to exceed $50, for costs associated with an educational program offered outside of regular school hours through which a student who was absent from class receives instruction voluntarily for the purpose of making up the missed instruction and meeting the level of attendance required for class credit, so long as the fee would not create a financial hardship or discourage the student from attending the program;
15. A fee for lost, damaged, or overdue library book; or
16. A fee specifically permitted by any other statute.

IDEA may waive any fee or deposit if the student and parent are unable to pay. A request for such a waiver must be made in writing to the Principal or designee, and include evidence of inability to pay. Details for the fee waiver are available in the Principal's office.

**Displaying a Student's Artwork, Projects, Photos, and Other Original Work**

Teachers may display student work in classrooms or elsewhere on campus as recognition of student achievement. However, IDEA will seek parental consent before displaying student artwork, special projects, photographs taken by students, and other original works on the IDEA website, on any campus or classroom website, in printed materials, by video, or by any other method of mass communication. IDEA will also seek consent before displaying or publishing an original video or voice recording in this manner.

**Distribution of Materials or Documents**

**School Materials**

Publications prepared by and for IDEA may be posted or distributed with prior approval by the Principal and/or teacher. Such items may include school posters, brochures, murals, etc.

**Non-School Materials**

Students must obtain express prior approval of the Principal or designee before distributing, posting, selling, or circulating written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials on campus.

Non-school literature shall not be distributed by students on IDEA property if:
• The materials are obscene, vulgar, or otherwise inappropriate for the age and maturity of the audience.
• The materials endorse actions endangering the health or safety of students.
• The materials promote illegal use of drugs, alcohol, or other controlled substances.
• The distribution of such materials would violate the intellectual property rights, privacy rights, or other rights of another person.
• The materials contain defamatory statements about public figures or others.
• The materials advocate imminent lawless or disruptive action and are likely to incite or produce such action.
• The materials are hate literature or similar publications that scurrilously attack ethnic, religious, or racial groups or contain content aimed at creating hostility and violence, and the materials would materially and substantially interfere with school activities or the rights of others.
• There is reasonable cause to believe that distribution of the non-school literature would result in material and substantial interference with school activities or the rights of others.

Any student who posts material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials over which IDEA does not exercise control shall not be sold, circulated, or distributed by persons or groups not associated with IDEA or a school support group on school premises unless the person or group obtains specific prior approval from the Superintendent or designee. To be considered, any non-school material must include the name of the sponsoring organization or individual.

**Electronic Device Policy**

Unless otherwise approved by a principal all electronic devices (cell phones, pagers, mp3 players, iPods or iPads, camcorders and cameras, tape recorders, computers, or electronic devices or games) must be turned off between the hours of 7:45 a.m. and 3:45 p.m. Such devices may not be visible in the pocket of a jacket or pants; item must be completely put away and out of sight.

If an IDEA employee observes a student using any electronic or telecommunication device (including a cell phone) during the school day or at a school-related activity, or if such item is visible during the school day, the employee will confiscate the device. If the student and parent have executed a waiver permitting the student to possess an electronic communication device at school, IDEA officials may power on and search the device is there is reasonable cause to believe that the device has been used in the transmission or reception of communications prohibited by law, policy, or regulation. Any disciplinary action will be in accordance with the Student Code of Conduct. These guidelines apply even if the item in use is not the property of the student found in violation of the policy.

IDEA reserves the right to dispose of a confiscated paging device in any reasonable manner, or charge the owner of the device or the student’s parent an administrative fee not to exceed $15 before releasing the device. IDEA will not be responsible for damage to loss or theft of confiscated items.

**Change of Address or Telephone Number**

Parents are responsible for notifying IDEA when a student’s address or telephone number changes. Proof of residency at the new address may also be required.

**Uniform Requirements**

As authorized by state law and the IPS charter, students are required to wear uniforms to school. IDEA's uniform policy and
grooming standards are designed to teach grooming and hygiene, prevent disruption, minimize safety hazards, and provides a dress standard that offers flexibility for the parent and student. Students must come to school cleanly and neatly groomed and wearing clothing that will not be a health or safety hazard to the student or others and that will not distract from the educational atmosphere of IDEA.

Parents must provide their student(s) with the required uniform, except in the case of educationally disadvantaged students as provided in the Texas Education Code. IDEA may provide a uniform for economically disadvantaged students. A request for school assistance for purchasing uniforms must be made in writing to the Principal or designee and include evidence of the inability to pay. Further details are available in the Principal’s office.

A parent may choose for his or her student(s) to be exempted from the requirement of wearing a uniform if the parent provides a written statement that, as determined by the Board of Directors, states a bona fide religious or philosophical objection to the requirement.

Students who do not follow IDEA's guidelines for personal attire and appearance may be subject to discipline under the Student Code of Conduct, and may be sent home from school.

Newly enrolled students may be provided with a grace period of up to two weeks to obtain appropriate IDEA uniforms. Students must comply with IDEA's remaining dress and grooming standards upon enrollment.

See appendix for uniform standards and requirements.

**Child Nutrition Program**

IDEA participates in the National School Lunch Program and offers students nutritionally balanced lunches daily. Free and reduced lunches are available to students that qualify. You must pay for lunch unless you qualify for the free and reduced program. Breakfast is served in the classroom and is free to all students. For more information regarding our Child Nutrition Program, visit our school website at [www.ideapublicschools.org](http://www.ideapublicschools.org).

**Transportation**

IDEA makes school bus transportation available to all students served in the RGV and at select IDEA Austin, Texas schools. This service is provided at no cost to students. Bus routes and any subsequent changes are posted at the school. For more information regarding transportation, visit our school website at [www.ideapublicschools.org](http://www.ideapublicschools.org).

Riding a school vehicle is a privilege. School vehicle drivers have the authority to maintain discipline and require seating charts. When riding a school vehicle, students are held to behavioral standards established in this Handbook and the Student Code of Conduct. Students must:

1. Follow the driver’s directions at all times;
2. Enter and leave the vehicle in an orderly manner;
3. Keep feet, books, instrument cases, and other objects out of the aisle;
4. Not deface the vehicle or its equipment;
5. Not put head, hands, arms, legs, or an object out of any window; and
6. Wait for the driver’s signal in order to leave or cross in front of the vehicle.

Only designated students are allowed to ride in the vehicle. Students may neither ride the vehicle to a different location nor have friends ride the vehicle to participate in after-school activities.
If a special needs student is receiving bus transportation as a result of an Individual Education Plan (“IEP”), the Admission Review and Dismissal (“ARD”) Committee will have the discretion in determining appropriate disciplinary consequences related to inappropriate behavior in a school vehicle.

STUDENT CODE OF CONDUCT

Purpose of the Student Code of Conduct

To function properly, education must provide an equal learning opportunity for all students by recognizing, valuing, and addressing the individual needs of every student. In addition to the regular curriculum, principles and practices of good citizenship must also be taught and modeled by school staff. To foster an orderly and distraction-free environment, IDEA Public Schools (“IDEA” or “IPS”) has established this Student Code of Conduct (“the Code”) in accordance with state law and the IDEA open-enrollment charter. The Code has been adopted by the Board of Directors, and provides information to parents and students regarding expectations for behavior, consequences of misconduct, and procedures for administering discipline.

In accordance with state law, the Code will be posted at each IPS campus and/or will be available for review at each Principal’s office. Parents will be notified of any violation that may result in a student being suspended or expelled from IPS. Students and staff must be familiar with the standards set forth in the Student Code of Conduct, as well as campus and classroom rules.

The Code does not define all types and aspects of student behavior, as IPS may impose campus or classroom rules in addition to those found in the Code. These rules may be posted in classrooms or given to the student and may or may not constitute violations of the Code. When students participate in student activities, they will also be expected to follow the guidelines and constitutions that further specify the organization’s expectations, student behavior and consequences.

Authority and Jurisdiction

IPS has disciplinary authority over a student:

1. During the regular school day and/or while the student is going to and from school on IPS transportation;
2. During open lunch periods in which a student is allowed to leave campus;
3. While the student is in attendance at any school-related event or activity, regardless of time or location;
4. For any school-related misconduct, regardless of time or location;
5. For any expulsion offense committed while on IPS property or while attending a school-sponsored or school-related activity of IPS or of any other school in Texas;
6. For any expulsion offense committed away from IPS property and not at a school-sponsored or school-related event, if the misconduct creates a substantial disruption to the educational environment;
7. While the student is in transit to or from school or to or from school or school-related activities or events;
8. When retaliation against a student, school employee or volunteer occurs or is threatened, regardless of time or location;
9. When the student commits any felony, including those as provided by Texas Education Code §§ 37.006 or 37.0081, regardless of time or location; and
10. When criminal mischief is committed on or off IPS property or at a school-related event.

Reporting Crimes

In addition to disciplinary consequences, misdemeanor and felony offenses committed on campus or while attending school-
sponsored or school-related activities will be reported to an appropriate law enforcement agency.

**Standards for Student Conduct**

Each student is expected to:

- Demonstrate courtesy, even when others do not.
- Behave in a responsible manner, always exercising self-discipline.
- Attend all classes, regularly and on time.
- Prepare for each class; take appropriate materials and assignments to class.
- Meet IDEA’s standards of grooming and dress.
- Obey all campus and classroom rules.
- Respect the rights and privileges of students, teachers, and other IPS staff and volunteers.
- Respect the property of others, including IPS property and facilities.
- Cooperate with and assist the school staff in maintaining safety, order, and discipline.
- Adhere to the requirements of the Student Code of Conduct.

**Discipline Management Techniques**

Disciplinary techniques are designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community. Disciplinary action will draw on the professional judgment of teachers and administrators and on a range of discipline management techniques. Discipline will be correlated to the seriousness of the offense, the student’s age and grade level, the frequency of misbehavior, the student’s attitude, the effect of the misconduct on the school environment, and statutory requirements.

Because of these factors, discipline for a particular offense, unless otherwise specified by law, may bring into consideration varying techniques and responses.

**Techniques**

The following discipline management techniques may be used—alone or in combination—for behavior prohibited by the Student Code of Conduct or by campus or classroom rules:

- Assignment of school duties such as cleaning or picking up litter.
- Behavioral contracts.
- Cooling-off time or “time-out.”
- Counseling by teachers, counselors, or administrative personnel.
- Rewards for positive behavior.
- Demerits.
- Detention.
- Expulsion from IDEA, as specified in the expulsion section of the Code of Conduct.
- Grade reductions for cheating, plagiarism, and as otherwise permitted by policy.
- In-school suspension, as specified in the suspension section of the Code of Conduct.
- Out-of-school suspension, as specified in the suspension section of the Code of Conduct.
- Parent-teacher conferences.
- Referral to an outside agency or legal authority for criminal prosecution in addition to disciplinary measures imposed by IDEA.
- School-assessed and school-administered probation (final warning contracts).
- Seating changes within the classroom.
• Sending the student to the office or other assigned area.

• Techniques or penalties identified in individual student organizations’ extracurricular standards of behavior.

• Temporary confiscation of items that disrupt the educational process.

• Verbal correction, oral or written.

• Withdrawal of privileges, such as participation in extracurricular activities, field trips, eligibility for seeking and holding honorary offices, or membership in school-sponsored clubs and organizations.

• Withdrawal or restriction of bus privileges.

• Other strategies and consequences as determined by school officials.

**Corporal Punishment**

9. A student who misses a scheduled ISS session without a confirmed excuse will be assigned one day out of school suspension. If a student misses more than one scheduled ISS session without a confirmed excuse, he or she may be subject to expulsion.

Failure to follow these guidelines will be reported to the Principal for further action, which may include up to three days of out-of-school suspension or any other Level I consequence.

**Out-of-School Suspension**

The Principal will give notice of suspension and the reasons for the suspension to the student. In deciding whether to order out-of-school suspension, the administrator may take into consideration factors including self-defense, prior discipline history, intent or lack of intent, the academic value of in-school-suspension and other appropriate or mitigating factors determined by the administrator.

**Removal from School Transportation**

A student being transported by IPS transportation to or from school or a school-sponsored or school-related activity may be removed from a school vehicle for conduct violating IDEA's established standards for conduct in a school vehicle.

**Conferences, Hearings, and Appeals**

All students are entitled to conferences, hearings, and/or appeals of disciplinary matters as provided by applicable state and federal law, and IPS policy.

**Process for Suspensions Lasting Up To Five Days**

In addition to the above list of Code of Conduct violations, the Principal has authority to suspend a student for a period of up to five school days for any of the following additional reasons:

1. The need to further investigate an incident,
2. A recommendation to expel the student, or
3. An emergency constituting endangerment to health or safety.

**Prerequisites to Suspension**

Prior to suspending a student for up to five days, the Principal or designee must attempt to hold an informal conference with the student to:

1. Notify the student of the accusations against him/her,
2. Allow the student to relate his or her version of the incident, and
3. Determine whether the student’s conduct warrants suspension.
**Notification to Parents/Guardians**

If the Principal or designee determines the student’s conduct warrants suspension during the school day for up to five days, the Principal or designee will make reasonable effort to notify the student’s parent(s) that the student has been suspended before the student is sent home. The Principal or designee will notify a suspended student’s parent(s) of the period of suspension, the grounds for the suspension, and the time and place for an opportunity to confer with the Principal.

**Credit During Suspension**

A student shall receive credit for work missed during the period of suspension if the student makes up work missed during the period of suspension within the same number of school days the student was absent on suspension.

**Process for Out-of-School Suspensions Over Five Days (extended suspension) and Expulsion**

**Notice**

When the Principal or designee determine that a student’s conduct warrants suspension for more than five days (extended suspension) or expulsion, but prior to taking any such action, the Principal or designee will provide the student’s parent(s) with written notice of:

1. The reasons for the proposed disciplinary action; and
2. The date and location for a hearing before the Principal, within five school days from the date of the disciplinary action.

The notice shall further state that, at the hearing, the student:

1. May be present;
2. Shall have an opportunity to present evidence;
3. Shall be apprised and informed of IPS’s evidence;
4. May be accompanied by his or her parent(s); and

IPS shall make a good faith effort to inform the student and the student’s parent(s) of the time and place for the hearing, and IPS shall hold the hearing regardless of whether the student, the student’s parent(s) or another adult representing the student attends. The Principal may audio record the hearing.

Immediately following the hearing, the Principal will notify the student and the student’s parent(s) in writing of his or her decision. The decision shall specify:

1. The length of the extended suspension or expulsion, if any;
2. When or if the expulsion is not permanent, the procedures for re-admittance at the end of the expulsion period if at all; and
3. The right to appeal the Principal’s decision to the Board of Directors or the Board’s designee.

The notice shall also state that failure to timely request such a hearing constitutes a waiver of further rights in the matter.
Appeal to the Board of Directors

The student or his or her parent(s) may appeal the extended suspension or expulsion decision to the IPS Board of Directors by notifying the Principal in writing within seven calendar days of the date of receipt of the Principal’s decision. The Board will review the audio or transcribed record from the hearing before the Principal at a regular or specially called meeting in closed session as permitted by the Texas Open Meetings Act. The Board will notify the student and his or her parent(s) of its decision, in writing, within five calendar days of the hearing. The decision of the Board is final and may not be appealed.

Please note that discipline consequences will not be deferred pending the outcome of an appeal of an extended suspension or expulsion to the Board.

No Credit Earned

Except when required by law, students will not earn academic credit during a period of expulsion.

Emergency Placement and Expulsion

If the Principal or designee reasonably believes a student’s behavior is so unruly, disruptive, or abusive that it seriously interferes with a teacher’s ability to communicate effectively with students in a class, with the ability of a student’s classmates to learn, or with the operation of IPS or a school-sponsored activity, the Principal or designee may order immediate removal of the student. The Principal or designee may impose immediate suspension if he or she reasonably believes such action is necessary to protect persons or property from eminent harm. At the time of such an emergency removal, the student will be given verbal notice of the reason for the action and appropriate hearings will be scheduled within a reasonable time after the emergency removal.

Placement of Students with Disabilities

All disciplinary actions regarding students with disabilities (504 or special education under the IDEA) shall be conducted in accordance with applicable federal and state laws.

Suspension/Expulsion Requirement

A student with a disability shall not be removed from his or her current placement for disciplinary reasons and/or pending appeal to the Board of Directors for more than ten days without ARD Committee action to determine appropriate services in the interim and otherwise in accordance with applicable federal and state law. If a special education due process appeal to a TEA special education hearing officer is made, the student with a disability shall remain in the then current education setting in place at the time such appeal is noticed to IPS, unless IPS and the student’s parents agree otherwise.

Gun-Free Schools Act

In accordance with the Gun-Free Schools Act, IPS shall expel, from the student’s regular program for a period of one year, any student who is determined to have brought a firearm, as defined by federal law, to school. The Principal may modify the term of expulsion for a student or assess another comparable penalty that results in the student’s expulsion from the regular school program on a case-by-case basis and in accordance with legal requirements.

IDEA will permit no more than five excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent’s return from deployment.

**Student or Parent Complaints and Concerns**

IDEA values the opinions of its students and parents, and the public it serves. Parents and students have the right to express their views through appropriate informal and formal processes. The purpose of this grievance policy is to resolve conflicts in an efficient, expeditious, and just manner.

The Board of Directors encourages parents to discuss their concerns and complaints through informal meetings with the Principal. Concerns and complaints should be expressed as soon as possible to allow early resolution at the lowest possible administrative level. If an informal resolution is not reached, student and/or parent complaints shall be submitted in writing on a form provided by IDEA. Copies of documents that support the complaint shall be attached to the complaint form or presented at the Level One conference. After the Level One conference, no new documents may be submitted unless their existence was unknown to the complainant before the Level One conference. A complaint that is incomplete may be dismissed.

Neither the Board of Directors nor any IDEA employee shall unlawfully retaliate against a parent or student for voicing a concern or complaint.

For purposes of this policy, “days” shall mean calendar days and announcement of a decision in the student’s or parent’s presence shall constitute communication of the decision.

**Informal Conferences**

A parent or student may request an informal conference with the Principal, teacher, or other campus administrator within seven school days of the time the parent or student knew or should have known of the event(s) giving rise to the complaint.
If the person is not satisfied with the results of the informal conference, he or she may submit a written grievance form to the Principal. Grievance forms may be obtained from the Principal’s office.

**Formal Grievance Process**

The formal grievance process provides all persons with an opportunity to be heard up to the highest level of management if they are dissatisfied with an administrative response. Once all administrative procedures are exhausted, a person can bring concerns or complaints to the Board of Directors, as outlined below.

A grievance must specify the harm alleged by the parent and/or student, and the remedy sought. A parent or student should not submit separate or serial grievances regarding the same event or action. Multiple grievances may be consolidated at the school’s discretion. All time limits shall be strictly complied with; however, if an administrator determines that additional time is needed to complete a thorough investigation of the complaint and/or to issue a response, the administrator shall inform the parent or student in writing of the need to extend the response time and provide a specific date by which the response will be issued. Costs of any grievance shall be paid by the grievant.

**Level One**

A parent or student shall submit a written Level One Grievance Form to the Principal or designee within the later of (1) seven days from the time the event(s) causing the complaint were or should have been known, or (2) within five days following an informal conference with the Principal. IDEA reserves the right to require the grievant to begin the grievance process at Level Two.

The Principal or designee will meet with the complaining parent or student within seven days of receipt of the complaint. Following the conference, the Principal or designee shall have seven days to respond in writing.

*Note:* A complaint against the Superintendent shall begin at Level Three.

**Level Two**

If the student or parent is not satisfied with the Level One decision, or if no decision is provided, the student or parent may appeal the Level One decision to the Superintendent or designee by filing written notice on a form provided by the school. The request must be filed within seven days of the Level One decision or the response deadline if no decision is made. The appeal must include a signed statement of the complaint, any evidence supporting the complaint, and a copy of the written complaint to the Principal and a copy of the Level One Decision, if issued. The appeal shall not include any new issues or complaints unrelated to the original complaint. The Superintendent or designee will hold a conference within seven days of the appeal. The Superintendent or designee shall have seven days following the conference to respond.

**Level Three**

If the student or parent is not satisfied with the Level Two decision, or if no timely decision is provided, the student or parent may submit to the Superintendent or designee in writing a request for a hearing before the Board of Directors. The request must be filed within seven days of the Level Two decision or the response deadline if no decision is made. The student or parent shall be informed of the date, time, and place of the hearing.

The Board of Directors shall hear the student or parent complaint, and may set a reasonable time limit for presenting the complaint. Only written documentation and issues previously submitted and presented by the student or parent and IDEA will be considered. An audiotape recording of the hearing may be made.

The Board of Directors shall communicate its decision, if any, orally or in writing before or during the next regularly scheduled Board meeting. If no decision is made by the end of the next regularly scheduled Board meeting, the Level Two decision shall
be upheld. The Board may not delegate its authority to issue a decision, and any decision by the Board of Directors is final and may not be appealed.

If the complaint involves concerns or charges regarding a student or IDEA employee, it shall be heard by the Superintendent in closed meeting unless the employee to whom the complaint pertains requests that it be heard in public.

This parent and student complaint process does not apply to all complaints:

**“Opting Out” of Surveys and Activities**

Parents have the right to receive notice of and deny permission for their student’s participation in:

1. Any survey concerning the private information listed above, regardless of funding;
2. School activities involving the collection, disclosure, or use of personal information gathered from their student for the purpose of marketing or selling that information;
3. A non-emergency, invasive physical examination, or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student (exceptions are hearing, vision, or scoliosis screenings, or any physical exam of screening permitted or required under state law.)

**Notice of Parent and Student Rights**

**Annual FERPA Confidentiality Notice**

The Family Education Rights and Privacy Act (“FERPA”) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s educational records. These rights include the following:

**The Right to Inspect and Review**

Parents and/or eligible students have the right to inspect and review the student’s educational records within 45 days of the day the school receives an access. Parents or eligible students should submit to the Principal or designee a written request that identifies the record(s) they wish to inspect. IDEA will make arrangements for access and notify the parent or eligible student for the time and place where the records may be inspected.
If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the student's educational records, IDEA shall provide the parent or eligible student with a copy of the records requested to make arrangements for the parent or eligible student to inspect and review the requested records.

If the student's educational records contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information about that student.

The Right to Seek Amendment of the Student's Educational Records

Parents or eligible students may ask IDEA to amend a record that they believe is inaccurate, misleading, or in violation of the student's privacy rights. Parents or eligible students should submit to the Principal or designee a written request that clearly identifies the part of the record they want changed, and specifies why it is inaccurate, misleading, or in violation of the student's privacy rights. IDEA will decide whether to amend the record as requested within a reasonable time after receiving the request. If IDEA decides not to amend the record as requested by the parent or eligible student, IDEA will notify the parent or eligible student of the decision and advise them to their right to a hearing to challenge the content of the student's education records on the grounds that the information contained in the educational records is inaccurate, misleading, or in violation of the student's privacy rights.

If, as a result of the hearing, IDEA decides that the information in the educational record is not inaccurate, misleading, or in violation of the student's privacy rights, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of IDEA, or both. If IDEA places an amended statement in the student's educational records, IDEA is obligated to maintain the amended statement with the contested part of the record for as long as the record is maintained and disclose the statement whenever it discloses the portion of the record to which the statement relates.

The Right to Consent Prior to Disclosure

Parents and/or eligible students have the right to consent to disclosures of personally identifiable information contained in the student's educational records, except to the extent that FERPA authorizes disclosure without consent.

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interest. A “school official” is a person employed by IDEA as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Directors; a person or company with whom IDEA has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

Upon request, IDEA discloses educational records without consent to officials of another school in which a student seeks or intends to enroll or is already enrolled, so long as the disclosure is for purposes related to the student’s enrollment or transfer.
The Right to File a Complaint

Parents and/or eligible students have the right to file a complaint with the Family Policy Compliance Office of the U.S. Department of Education ("Office") concerning alleged failures by IDEA to comply with the requirements of FERPA. These complaints should be addressed as follow:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW.
Washington, D.C. 20202

Access to Medical Records

Parents are entitled to access their student's medical records.

Notice for Directory Information

Under FERPA, IDEA must, with certain exceptions, obtain written consent prior to the disclosure of personally identifiable information from a student's education records. However, IDEA may disclose appropriately designated "directory information" without written consent, unless a parent or eligible student has advised IDEA, in writing, to the contrary. The primary purpose of directory information is to allow IDEA to include this type of information from a student's education records in certain school publications.

IDEA has designated the following categories of information as directory information for the purpose of disclosure relating to school-related purposes:

- Student name;
- Date and place of birth;
- Major field of study
- Degrees, honors, and awards received;
- Dates of attendance;
- Grade level;
- Most recent educational institution attended;
- Participation in officially recognized activities and sports; and
- Weight and height of members of athletic teams.

School-related purposes are those events/activities that IDEA conducts and/or sponsors to support the school's educational mission. Examples include, but are not limited to:

- Extracurricular programs or events (school plays, concerns, athletic events, graduation ceremony, etc.).
- Publications (newsletters, yearbook, etc.).
• Honor roll and other student recognition lists.

• Marketing materials of IDEA (print media, website, videos, newspaper, etc.).

IDEA has designated the following categories of information as directory information for purposes of disclosure to military recruiters and institutions of higher education, but only for secondary students:

• Student’s name, address, and telephone number.

IDEA shall not release directory information except for the purposes indicated above, namely, disclosure relating to school-sponsored/school-affiliated purposes or for the purposes of disclosure to military recruiters and institutions of higher education for secondary students.

A PARENT OR ELIGIBLE STUDENT MAY OPT OUT OF THE RELEASE OF DIRECTORY INFORMATION FOR EITHER OR BOTH OF THESE PURPOSES BY SUBMITTING A WRITTEN OBJECTION TO THE SCHOOL OFFICE WITHIN 15 DAYS AFTER RECEIVING THIS “NOTICE OF PARENT AND STUDENT RIGHTS (ANNUAL FERPA CONFIDENTIALITY NOTICE).”

**Student Acceptable Use Policy**

**Computer Resources**

To prepare students for an increasingly computerized society, IDEA has made a substantial investment in computer technology for instructional purposes. Use of those resources is restricted to students working under a teacher’s supervision and for approved purposes only. Students with access to IDEA computers and their parents agree to follow the following user agreement regarding use of these resources. Violations of this agreement may result in withdrawal of computer privileges and other disciplinary action. Electronic communications, such as e-mail using IDEA computers, are not private and may be monitored by school staff.

**Technology Mission Statement**

IDEA is committed to utilizing the maximum potential of technology to enhance student learning and increase teacher effectiveness by providing students with technology-related experiences. Recognizing the ever-changing influences of technology on all aspects of our lives, IDEA is dedicated to providing an integrated technological curriculum for all students and staff. Students will have access to the technology necessary to produce, manage, communicate, and retrieve information in an efficient manner for educational use. In the attainment of both present and future goals, IDEA will provide a continually evolving staff development program oriented toward the integration of technology in areas of curriculum.

**Instructional Resource**

IDEA is proud to bring network and Internet access to school staff and students. IDEA believes the Internet offers many
diverse and unique resources to both student and staff. IDEA’s goal in providing these services to staff and students is to promote educational excellence by facilitating resource sharing, innovative teaching, and communication skills.

Students and staff have access to numerous research-oriented and instructional resources via the Internet. Online encyclopedias, professional journals, and databases filled with timely information on thousands of topics are just a few of the resources provided. School computers have the technology necessary to support student research and to promote academic achievement.

Student Safety

IDEA is aware that resources which are inappropriate or not designed for use in the educational setting may be accessed on the Internet. To protect students and staff from such inappropriate material, the school’s Internet access is filtered with one of the highest rated Internet filtering systems available. However, users must recognize that it is impossible for IDEA to restrict access to all controversial material and individuals must be responsible for their own actions in navigating the network.

Purpose

The purpose of this policy is to ensure school-level compliance with all procedures and regulations regarding the local area network and Internet usage. All students, parents, teachers, administrators, and school staff who obtain their Internet access through the school are expected to use these services appropriately.

User Responsibilities

The use of the Internet is a privilege. Abusive conduct will lead to the privilege being revoked. IDEA is providing Internet resources for educational purposes only. Student/staff use of Internet resources must be related to an expressed educational and/or administrative goal or objective.

1. The use of the school’s Internet and computer network must be in support of educational goals, research, and class assignments and be consistent with the educational objectives of IDEA.

2. Users must have a valid, authorized account to access the network, and use only those computer resources that are authorized. Accounts may be used only in accordance with authorized purposes.

3. Individual accounts may be used only by the owner of the account except where specifically authorized by administrators. In the case of class accounts, all use must be under the supervision of the sponsoring teacher/supervisor.

4. The user is responsible for safeguarding the computer account. Users are expected to protect access to accounts by periodically changing the password and keeping it confidential. They must respect the privacy of others by not tampering with their files, passwords, or accounts.
Policy Terms and Conditions

Acceptable Use

Users are to properly use IDEA network resources for educational and/or administrative purposes. Respectful and responsible network etiquette and behavior should be in keeping with the school's mission statement. Students and staff are expressly prohibited from accessing obscene, profane, vulgar, or pornographic sites or materials.

Students are prohibited from sending or posting electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation or illegal. This prohibition applies to conduct off school property if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring or sharing obscene, sexually oriented, lewd or otherwise illegal images or other content, commonly referred to as “sexting,” will be disciplined according to the Student Code of Conduct and may, in certain circumstances, be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, students involved in “sexting” or the sharing of inappropriate images or other content may also be disciplined for violating the school's anti-harassment and bullying policies. Accordingly, we strongly encourage you to review with your child http://beforeyoutext.com, a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

Monitored Use

Electronic mail transmissions and other use of the electronic communications system by students and employees shall not be considered confidential and may be monitored at any time by designated IDEA staff to ensure appropriate use for educational or administrative purposes. Forgery or attempted forgery of electronic mail messages is prohibited. Only the school's authorized IT Manager may read, delete, copy or modify the electronic mail of other system users.

Vandalism

Vandalism is defined as any malicious attempt to harm, disrupt or destroy data of another user of the IDEA network or any other agencies or networks that are connected to the Internet. This includes, but is not limited to, the uploading or creating of computer viruses. Any of these actions may be viewed as violations of school policy, administrative regulations and, possibly, as criminal activity under applicable state and federal laws. Users must respect the privacy of other users, and will not intentionally seek information on, obtain copies of, or modify any file, data, or password belonging to another user, or represent themselves as another user unless explicitly authorized. Deliberate attempts to degrade or disrupt system performance and/or degrade, disrupt or bypass system security are violations of school policy and administrative regulations, and may constitute criminal activity under applicable laws.

Any prohibited behavior under this policy will result in the cancellation of technology privileges. IDEA will, in accordance with school policy, cooperate with local, state, or federal officials in any investigation concerning or relating to misuse of the school’s network.
Network Etiquette

Each network user is expected to:

- Be polite (i.e., an all-caps message implies shouting);
- Use appropriate language;
- Refrain from any activity that may be considered “cyber bullying,” including but not limited to threats of violence, extortion, obscene or harassing messages, harassment, stalking, child pornography, and sexual exploitation;
- Maintain confidentiality of the user, colleagues, and students;
- Respect copyright laws; and
- Be respectful in all aspects of network use.

Consequences

Violation of IDEA policies and procedures concerning use of the computer on the network will result in the same disciplinary actions that would result from similar violations in other areas of school policy, including the Student Code of Conduct. Any or all of the following consequences may be enforced if a student violates the terms of this policy:

- Loss of computer privileges/Internet access, with length of time to be determined by campus administration.
- Any disciplinary consequence, including suspension or expulsion, as deemed appropriate by the administration.
- Suspension may be considered for flagrant violations or violations that corrupt the educational value of the computers or the Internet.
- Expulsion may be considered in instances where students have used the school’s Internet access to engage in conduct that constitutes felony criminal mischief, and/or have deliberately attempted to bypass installed security software or copy/modify another student’s work files.

Violations of law may also result in criminal prosecution as well as disciplinary action by the school.
FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

Directory Information Opt Out Form

“Directory Information” means information contained in an educational record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. The law permits IDEA Public Schools to designate certain personal information as “directory information,” which may be released to anyone who follows the procedures for requesting it as proscribed in school policy.

Information About the Military

The military requests, and is entitled to, the names, telephone numbers, and addresses of high school juniors and seniors, unless the parent, guardian or eligible student checks “No” in the corresponding “For secondary students only” box below. The military typically requests this information in the Fall semester of each academic year. If you do not want information to be released to the military, you must return this form by October 1st in order to ensure that your preferences are entered in time. Parents, guardians and eligible students are encouraged to remember that checking “No” means that IDEA Public Schools will not release student information to the military, but it does not mean that the military might not gather student information from other sources not affiliated with the school.

To prohibit IDEA Public Schools from releasing your student’s directory information, you must circle NO adjacent to the appropriate statement(s) below, sign the form, and return it to your student’s school. Completion of this form is optional. However, if you do not circle NO or return this form, directory information about your student may be released in accordance with School policy.

If you have more than one student enrolled, you must complete a separate for each student.

Electronic Communications at school and at school-related functions are subject to regulation by IDEA Public Schools.

This Electronic Communication Device Commitment Form grants authority and permission to IDEA Public Schools to regulate electronic communication devices when these devices are brought to and/or used while on school property or when attending school related functions and events. Such communication devices include but are not limited to cellular phones, pagers, PDAs, and pocket computers. These regulations are made necessary in light of the unique opportunities these devices create for violations of law, school policies and to perpetrate conduct disruptive of an educational environment essential to the school’s educational program. These concerns are exacerbated by electronic security protections and the personal size of these devices, which are often carried concealed in pockets and purses.

Therefore, all students who would possess or use such devices on school property or at school-related activities are required to sign this form together with their parent, guardian or other adult person having the authority of a parent for school purposes.

Each of you, by your signature below, agrees to the following:

- The possession and use of cellular phones, pagers, PDAs and other electronic communication devices by a student on school property or at school-related events is prohibited unless otherwise approved by principal.

- If a student possesses such devices on school property or while attending school-related events, IDEA Public Schools is authorized and has my full consent to confiscate, power on or off, manipulate and do all things necessary to search my device and recover or intercept communications (including but not limited to text messaging) when reasonable suspicion exists that such device has been used to transmit or receive communications in violation of law, the Student Code of Conduct, school policy or regulation.

- I further understand, agree and consent that an electronic communication device used or possessed in violation of law, the Student Code of Conduct, school policy or regulation is subject to confiscation and that IDEA Public Schools is not liable for any loss of or damage to confiscated devices.
